

Reliance Appliance Repair Inc Announces Community Discount Programs for Appliance Repair in Calgary

New offers include 15% off for first-time customers and 10% discount for seniors, police, military, and AHS workers across Calgary.

RELIANCE APPLIANCE REPAIR INC.

Calgary, Alberta Mar 4, 2026 (Issuewire.com) - Reliance Appliance Repair Inc announced new community-focused discount programs designed to help Calgary residents reduce the cost of professional appliance repair services. The Calgary-based company is introducing a **15% first-time**

customer discount along with a **10% appreciation discount for seniors and front-line professionals**, reinforcing its long-standing commitment to supporting local households and community members.

Unexpected appliance breakdowns can quickly disrupt daily routines. Refrigerators, washers, dryers, stoves and dishwashers are essential in most homes, and when they stop working, families often need quick and reliable repair solutions. Through the newly introduced discount programs, Reliance Appliance Repair Inc aims to make professional appliance repair more accessible for homeowners facing sudden appliance problems.

First-Time Discount

Under the newly announced program, residents who are new to Reliance Appliance Repair services can receive 15% off their first repair service. The discount applies to professional appliance diagnosis and repair services across common household appliances, including dryers, refrigerators, washing machines, stoves, ovens, dishwashers and more.

The company said the initiative was created to help new customers experience professional appliance repair services while reducing the financial burden that often comes with unexpected appliance failures.

Community Appreciation

Reliance Appliance Repair Inc is also introducing a 10% discount for seniors and front-line professionals as part of its community appreciation program. Eligible individuals include seniors, police personnel, military members and Alberta Health Services (AHS) workers.

The company said the program is intended to recognize individuals who contribute to public safety and community well-being across Calgary.

“Household appliances are part of everyday life, and when they stop working it can quickly become stressful for families,” said a representative from Reliance Appliance Repair Inc. “We wanted to introduce programs that help both new customers and community members access dependable appliance repair services while saving on repair costs.”

Reliance Appliance Repair Inc has been serving Calgary households for more than 25 years, providing professional repair services for a wide range of residential appliances. Over the years, the company’s technicians have responded to thousands of service calls involving refrigerators, freezers, washers, dryers, dishwashers, stoves and ovens.

The company focuses on diagnosing appliance problems accurately and restoring appliance performance while helping homeowners extend the lifespan of both modern and older appliances.

Each year, the company repairs more than 2,500 household appliances across Calgary, helping residents restore essential appliances without the need for premature replacements. The company also offers same-day service whenever possible to minimize disruption for homeowners dealing with appliance failures.

Reliance Appliance Repair’s service team includes licensed, insured and background-checked technicians who follow safety and compliance standards while diagnosing and repairing appliances. The company maintains commercial liability insurance, workers’ compensation coverage and electrical

safety compliance to ensure responsible service practices.

Technicians include Red Seal certified professionals, certified journeyman appliance technicians and factory-trained service specialists. Ongoing training allows technicians to stay updated with modern appliance technologies and diagnostic methods.

To provide additional peace of mind for customers, Reliance Appliance Repair Inc offers 90-day parts warranty and 30-day labour warranty, along with service warranties on completed repairs. The company also assists customers with manufacturer warranty-related repair support where applicable.

The newly introduced discount programs reflect the company's ongoing approach of combining technical expertise with accessible service options for Calgary homeowners.
