

SSMRV Principal and International PostDoctoral Fellows from Bengaluru Honoured at EduTech Power India Awards

Bengaluru, Karnataka Mar 30, 2026 ([Issuewire.com](https://www.issuewire.com)) - The EduTech Power India Awards, organised by RAISE Global Innovation Forum (UK), MIT Square (UK), and MIT Square Welfare Foundation (India), celebrated academic excellence and global collaboration at a prestigious ceremony held at SSMRV College, RV Educational Institutions, in Bangalore on 25 March 2026, bringing together distinguished educators, researchers, and thought leaders from across the country. The event was graced by Bhuvaneshwari Loganathan and Sathiyarayanan Kesavaraj (from MIT Square, India) as the Chief Guests. The event recognised outstanding contributions to international education, with a special focus on individuals who have enabled and advanced foreign research programmes.

Dr. Vijayashree Lakshman, Principal of SSMRV College, was bestowed with the 'Woman Principal of the Year' award for her exemplary leadership in fostering a culture of academic innovation and global engagement. Under her visionary guidance, the institution has emerged as a hub for international collaborations, creating pathways for students and scholars to access higher education and research opportunities abroad.

The awards also celebrated a cohort of accomplished postdoctoral fellow researchers from Bangalore, whose work from different countries has significantly contributed to global research ecosystems.

Dr. Robin Rohit Vincent and Dr. Shakkeera L (City, University of London, UK), Dr. Jyothi A P (Shinawatra University, Thailand), Dr. Saravanan Muniswamy and Dr. Senthil Perumal (Casimir Pulaski Radom University, Poland, Europe), Dr. Sonia Maria D'Souza (Universidade do Oeste de Santa

Catarina, Brazil, South America), Dr. Supraja Eduru (Federal University of Santa Maria, Brazil, South America); and the guides Dr. Satheesha TY (REVA University) and Dr. Mithileysh Sathiyarayanan (Scientist & CEO of MIT Square, London) were honoured too.

These scholars have successfully engaged in international fellowships, collaborating with leading universities and research centres worldwide. Their achievements reflect not only personal academic excellence but also the growing prominence of Indian researchers on the global stage.

The EduTech Power India Awards continue to serve as a beacon of recognition, motivating institutions and individuals to push the boundaries of knowledge and create meaningful global impact.
