

## Verdure Aubusson Forest Tapestry Now Available at Save on Tapestries for Elegant and Affordable Home Decor

Save on Tapestries introduces a beautifully woven Verdure Aubusson tapestry, combining classic European forest design with affordable, high-quality home decor.

**Ferndale, Washington Mar 19, 2026 ([IssueWire.com](https://www.IssueWire.com))** - Save on Tapestries is pleased to announce the availability of its Verdure Aubusson Forest Tapestry, a timeless wall décor piece designed to bring elegance and character into modern homes. Inspired by traditional European Verdure art, this tapestry features a detailed forest and lake scene that creates a calm and inviting atmosphere.

Crafted using a durable cotton-poly blend, the tapestry offers both visual richness and long-lasting quality. The woven jacquard technique enhances the depth and texture of the design, making it a standout addition to living rooms, bedrooms, or any interior space that needs a refined touch.

Key features of the Verdure Aubusson Tapestry include:

- Classic medieval forest landscape design
- High-quality cotton-poly woven material
- Available in two versatile sizes
- Easy to style across multiple décor themes

Designed with both style and value in mind, this tapestry allows homeowners to enjoy premium European-inspired décor without exceeding their budget. Its versatility makes it suitable for a range of interiors, from vintage and rustic to modern classic settings.

With this latest addition, Save on Tapestries continues its mission to provide stylish, affordable wall décor options that blend tradition with everyday living.
