

Worth Media Group Launches the Beyond Wealth Summit

A curated gathering of leaders focused on legacy, philanthropy, and purpose beyond financial success.

Palm Beach, Florida Mar 10, 2026 (IssueWire.com) - [Worth Media Group](http://WorthMediaGroup.com) will convene an extraordinary group of influential executives, investors, entrepreneurs, and philanthropists for the inaugural [Beyond Wealth Summit](http://BeyondWealthSummit.com), an invite-only gathering focused on the next chapter of success: aligning how wealth can be aligned with purpose, legacy, and meaningful impact.

The Summit, taking place on Wednesday, March 25, at the Cove Club in Palm Beach, reflects a philosophy that has guided Worth's editorial and community strategy for nearly a decade.

Seven years ago, Worth Media Group made a deliberate decision to add the words "Beyond Wealth" to the cover of Worth Magazine. The phrase was not introduced as a tagline, but as a statement of intent. It reflected the belief that once individuals achieve financial success, the conversation shifts from accumulation to application.

"The most interesting conversations with successful leaders rarely revolve around how they made their money," said Josh Kampel, CEO of Worth Media Group. "They revolve around what they want that success to mean. The Beyond Wealth Summit was designed to bring together people who are thinking deeply about legacy, philanthropy, wellbeing, and the thoughtful deployment of both capital and time."

The Beyond Wealth Summit will bring together a curated group of leaders who have already achieved significant financial success and are now focused on what comes next. Discussions throughout the day will explore themes including philanthropy, family legacy, personal wellbeing, and the broader responsibilities that come with influence and resources.

The Summit is a new cornerstone event in Worth's growing portfolio of convenings that represents a new cornerstone event in Worth's growing portfolio of convenings designed to bring together leaders across business, finance, sports, technology, and philanthropy for candid, high-level dialogue.

The inaugural Beyond Wealth Summit is made possible through the support of leading partners, including Carla Guilhem Design, Cerity Partners, Clear Street, Exclusive Resorts, Magellan Jets, Maybach Ocean Club, Morley Yachts, and the Shari Liu Agency.
