

20 Years of Craftsmanship: HONLOY – A Trusted Leading Foam Mat Manufacturer in China

Nanning, Guangxi Apr 13, 2026 ([Issuewire.com](https://www.issuewire.com)) - 20 Years of Craftsmanship: HONLOY – A Trusted Leading Foam Mat Manufacturer in China

Amid the rapid development of the global high-molecular foam manufacturing industry, [Guangxi Hongle Plastic Products Co., Ltd.](#) has stood out with 20 years of professional accumulation, technological innovation and strict quality control. As a [Leading Certified Foam Mat Manufacturer In China](#), we provide safe, durable and multi-scenario floor solutions for fitness, education, interior design and industrial sectors. Growing from a regional producer to a global supplier, HONLOY continuously meets the high-standard demands of the global market with stable production capacity and professional customization services.

Driven by rising safety awareness, the popularity of home fitness and growing demand for eco-friendly materials, the global foam mat market keeps expanding. **HONLOY's** [EVA foam interlocking floor mats](#), featuring modular design and exceptional performance, have become the preferred flooring material for multi-functional spaces worldwide.

Core Strengths: Factory Qualifications & Technical Support

HONLOY's production base is located in Baota Pharmaceutical Industrial Park, Nanning, Guangxi – the core hub of China-ASEAN trade. The company boasts a 6,000-square-meter standardized industrial workshop equipped with multiple high-precision production lines, enabling stable mass production of over 100 40-foot High Cube (40HQ) containers per month.

- **Professional Team & Quality Control System**

Our production team has over 20 years of experience in foam manufacturing, mastering mature EVA

formula technology to balance softness, resilience and durability of products. As a professional foam mat manufacturer with full-chain export compliance qualifications, Guangxi Hongle Plastic Products Co., Ltd. fully meets the requirements of global foreign trade circulation, with complete qualifications and hassle-free customs clearance:

The company strictly implements the **ISO9001 Quality Management System** and conducts full-process quality inspection to ensure consistent standards of density, size and safety performance for each batch of products. It holds the *Registration Form for Foreign Trade Operators of the People's Republic of China* with legal import and export rights, as well as customs declaration qualifications and entry-exit inspection and quarantine registration. All products can smoothly complete customs declaration, commodity inspection and cross-border logistics clearance.

- **Full Range of International Certifications**

All **HONLOY foam mat** products have passed testing by authoritative third-party laboratories and hold complete export qualifications, including **SGS, CE, RoHS, REACH, ASTM F963** and other international certifications, building a full-dimensional safety barrier. Our products fully comply with market access standards of the EU, the US and the rest of the world.

- **One-Stop OEM/ODM Customization Services**

Abandoning the "one-size-fits-all" product model, we provide vertical OEM/ODM services supporting full-dimensional customization of color, texture, shape, pattern, thickness and packaging, helping global brands build differentiated product competitiveness.

Product Portfolio: Three Series with Professional Data Highlighting EVA Core Advantages

HONLOY focuses on the R&D and production of high-performance EVA materials. EVA features a resilience rate of $\geq 90\%$, wear resistance, anti-slip, water resistance and easy cleaning, making it suitable for multiple scenarios.

Regular product sizes: 30×30cm, 60×60cm, 1×1m; thickness range: 1–4cm, customizable for different usage scenarios.

- **[EVA Fitness & Martial Arts Floor Mats](#)**

Designed for high-intensity sports scenarios, made of 38–45kg/m³ high-density EVA material with outstanding impact resistance and load-bearing performance.

- **Anti-slip Data:** Dry friction coefficient ≥ 0.8 , wet friction coefficient ≥ 0.6 , providing stable grip for sports shoes and barefoot exercise.
- **Product Performance:** Withstands high-intensity interval training, weightlifting, martial arts and other intense sports without tearing or pilling; effectively protects floors and reduces equipment noise.
- **Application Scenarios:** Commercial gyms, martial arts halls, home mini fitness areas; 2–4cm thickness recommended for high-intensity sports.

- **EVA Foam Interlocking Mats, EVA Kids' Play Mats & XPE Baby Crawling Mats**

Safety is the core of parenting scenarios. All series are non-toxic, odorless, free of phthalates, lead and

other harmful substances, and comply with the ASTM F963 toy safety standard.

- **EVA Interlocking Mats/Kids' Play Mats:** Precision-cut interlocking teeth for firm splicing; bright colors with printable letters, numbers and other early education patterns to boost children's sensory development.
- **XPE Baby Crawling Mats:** Excellent shock absorption, water-resistant, foldable and easy to store; insulates against cold and hard floors, creating a hygienic and safe play space for infants.
- **Application Scenarios:** Early education centers, kindergartens, family play areas; 1–2cm thickness recommended for daily parenting.

- **EVA Wood-Look Foam Mats & Flocked Composite Mats (Carpet Mat)**

Balancing aesthetics and practicality, an innovative solution for interior decoration and long-standing scenarios.

- **EVA Wood-Look Mats:** Simulate natural wood texture with warm and comfortable foot feel; water-resistant and easy to maintain, replacing traditional wood floors for home and office use.
- **Flocked Composite Mats:** Combine carpet appearance with foam shock absorption, relieving leg fatigue from prolonged standing, suitable for exhibitions, offices and basements.
- **Application Scenarios:** Home living rooms, offices, exhibition booths; 1–2cm thickness recommended for daily decoration.

Custom Craftsmanship: Exclusive Creation for Your Brand

One of HONLOY's most competitive services is providing refined customization solutions for partners. We do not just sell floor mats, but offer one-stop customized solutions. Through our "**Exclusive Foam Interlocking Mat Customization**" service, customers can fully control the following customization dimensions:

- **Color:** Full-color system precise matching, suitable for soft color palettes of parenting venues and eye-catching main colors of gyms, ensuring overall brand visual consistency.
- **Texture:** Anti-slip textures (leaf pattern, cross pattern) and high-end interior decoration textures (smooth pattern, wood grain) to meet diverse scenario needs.
- **Shape:** Break through conventional squares, customizable special sizes and shapes to fit various space dimensions and creative designs.
- **Pattern:** Adopt advanced printing and embossing technology, printable with letters, numbers and other early education patterns or custom brand LOGOs.
- **Thickness:** From 1cm thin household protective layers to over 4cm thick buffer layers for high-intensity combat and weightlifting, thickness customizable on demand.
- **Packaging:** Provide retail-level finished packaging including heat-shrink film, OPP bags and brand cartons, adaptable to global logistics and ready for shelf sales.

Industry Trends & Market Position

As a leading foam mat manufacturer in China, HONLOY keeps pace with three core industry trends and leads industry development:

- **Eco-friendly Development:** Continuously optimize production processes to reduce waste, develop low-VOCs EVA materials in line with global low-carbon and environmental protection requirements.

- **Home Mini Fitness Boom:** Surge in demand for DIY interlocking mats, HONLOY's easy-to-install products precisely seize the dividend of the home fitness market.
- **Upgraded Safety Standards:** High-density products pass Head Injury Criterion (HIC) testing, widely used in government bidding projects such as schools and sports venues.

Global Applications & Reasons to Choose HONLOY

HONLOY products are exported worldwide and widely used in commercial fitness centers, early education institutions, industrial workshops, modern households and other scenarios.

- **Stable Quality:** Consistent color, size and performance for large-volume orders; strict quality control achieves zero defects for export products.
- **Logistics Advantages:** Based in Nanning, relying on the convenient China-ASEAN trade channel, faster delivery and better freight rates for Southeast Asia, Europe and North America.
- **Global Recognition:** OEM for internationally renowned sports equipment and toy brands, capable of undertaking large-scale orders while retaining customized service advantages.

Conclusion

With 20 years of manufacturing heritage, full range of international certifications, professional data support and full-process customization capabilities, HONGLE is your reliable partner in the foam mat industry. Whether you are a start-up brand or a global retail giant, we can provide professional production solutions to boost steady business growth.
