

## A Dangerous Conspiracy Unfolds in Washington in “The Order of the 12th Intellect”

**Houston, Texas Apr 23, 2026** ([Issuewire.com](http://Issuewire.com)) - “The Order of the 12th Intellect” by Jeffrey L. Edwards is an intense political thriller that explores hidden influence and secret control within Washington D.C. Published on Amazon on November 4, 2025, this gripping story follows a powerful underground society whose silent actions could reshape the nation—if the FBI fails to stop them in time.

### **About the book:**

In this fast-moving narrative, readers are drawn into a world where power operates behind closed doors and truth is carefully hidden. A secret organization, known only to a few, is quietly building its control over key systems in Washington D.C. Their moves are calculated, their reach is expanding, and their intentions remain unclear. As the FBI begins to investigate, they uncover a web of secrecy that becomes more dangerous with every step. The tension rises as the line between truth and deception begins to blur. This story keeps readers engaged with its unpredictable plot, strong sense of urgency, and the constant feeling that something bigger is at play. It speaks to those who enjoy suspense, mystery, and stories that reveal what could be happening beneath the surface of power.

### **About the Author:**

Jeffrey L. Edwards is a dedicated storyteller with a talent for creating compelling and thought-provoking narratives. Having written five books, he continues to explore themes of mystery, control, and human ambition through his work. “The Order of the 12th Intellect” stands as a strong example of his ability to deliver a gripping and immersive reading experience that appeals to fans of political thrillers.
