

AIX World: Building the Future of Web4.0 with AI, Blockchain & DeFi

AIX World is not just a platform. It is a complete Web4.0 ecosystem designed to merge Artificial Intelligence (AI), Blockchain Technology, and Decentralized Finance (DeFi) into one powerful infrastructure.

Seattle, Washington Apr 9, 2026 ([Issuewire.com](https://www.issuewire.com)) - In the fast-growing world of cryptocurrency and decentralized finance, a new revolution is taking shape — **AIX World**.

AIX World is not just a platform. It is a **complete Web4.0 ecosystem** designed to merge **Artificial Intelligence (AI), Blockchain Technology, and Decentralized Finance (DeFi)** into one powerful infrastructure.

With innovation at its core, AIX World is building an intelligent financial future where users can **trade smarter, earn passively, and grow globally**.

What is AIX World?

AIX World is an advanced **AI-powered Web4.0 ecosystem** that introduces a new way of interacting with crypto markets.

Unlike traditional platforms, AIX focuses on:

- Automation through AI Agents
- Decentralization for full user control
- Transparency powered by blockchain
- Passive income opportunities

The vision is simple:

Make crypto intelligent, automated, and accessible for everyone.

1) AIX DEX – AI-Powered Trading Revolution

At the heart of AIX World lies **AIX DEX (AI Decentralized Exchange)** — a next-generation trading platform.

AIX DEX uses advanced **AI Agents** that:

- Analyze market trends in real-time
- Detect liquidity movements
- Execute trades automatically
- Minimize human errors

Key Features:

- AI-powered automated trading
- Non-custodial wallet integration
- Secure & transparent blockchain system
- Smart liquidity intelligence

You Sleep — AI Trades — You Earn.

2) PolyX – Decentralized Prediction Market

PolyX is AIX World's prediction engine — inspired by next-gen decentralized forecasting platforms.

It allows users to trade on real-world events such as:

- Crypto market movements
- Global economic trends
- Technology innovations
- Sports & entertainment outcomes

Why PolyX is powerful:

- Transparent blockchain-based predictions
- Community-driven insights
- New earning opportunities beyond trading

3) GameX – Blockchain Gaming Economy

AIX World also introduces **GameX**, a blockchain-powered gaming and prediction system.

Features:

- Play-to-earn mechanics
- Prediction-based gaming
- NFT & token rewards
- Interactive Web3 gaming experience

GameX transforms entertainment into **earning opportunities**.

4) DeFiX – Next-Level DeFi Infrastructure

DeFiX is the decentralized finance backbone of AIX World.

It provides:

- Staking & passive income
- Yield farming opportunities
- Liquidity pools
- Smart financial tools

With DeFiX, users can **grow wealth without active trading**.

5) RWA Tokenization – Bridging Real World & Blockchain

AIX World is also entering **Real World Asset (RWA) tokenization**, allowing:

- Real estate tokenization
- Asset-backed digital tokens
- Global investment accessibility

This bridges the gap between **traditional finance and blockchain innovation**.

AIX Token – Limited Supply, High Potential

At the core of the ecosystem is the **AIX Token**, designed with strong fundamentals.

Token Details:

- **Total Supply:** 10 Million Tokens
- **Unlocked Supply:** 7 Million Tokens
- **Scarcity Model:** Low supply = High demand potential

Why AIX Token is powerful:

- Utility across the entire ecosystem
- Used in trading, staking, rewards, and governance
- Integrated into all AIX products (DEX, PolyX, GameX, DeFiX)

AIX Token ICO (Initial Coin Offering)

AIX World is launching its **ICO (Initial Coin Offering)** to fuel ecosystem growth and global expansion.

ICO Highlights:

- Early investor advantage
- Discounted token pricing
- High ROI potential with ecosystem growth
- Strong use-case backed token

The ICO provides an opportunity to be part of a **next-generation Web4.0 project from the beginning.**

AIX World Ecosystem Overview

AIX World is building a **complete decentralized ecosystem**, including:

- AIX DEX (AI Trading Exchange)
- AI Agents Automated Trading
- PolyX Prediction Market
- GameX Blockchain Gaming
- DeFiX Financial Infrastructure
- Real World Asset Tokenization
- Web4.0 DeFi Ecosystem

Everything connected. Everything intelligent.

Why AIX World is the Future

AIX World stands out because it combines:

- AI + Blockchain + DeFi
- Automation + Passive Income
- Real-world + Digital assets

This creates a **fully scalable and global financial ecosystem.**
