[Al-Rabiya Auto Accessories](#), one of the region's long-established distributors of professional automotive protection products, has officially introduced [Onyx Coating Vunyx® Smart Shield Films](#) to the UAE and Middle East market. As the appointed regional distributor for Onyx Coating, Al-Rabiya will now supply the new Vunyx® Smart Shield 130 and 150 paint protection films (PPF) to installers, detailing centers, dealerships, and body shops across the region.

The introduction of the Vunyx® Smart Shield line marks a strategic step for Al-Rabiya as the company continues expanding its portfolio of high-performance protection solutions tailored to the needs of Middle Eastern automotive professionals.

“The demand for reliable, high-clarity PPF in our region is stronger than ever. Vunyx® Smart Shield films offer installers exactly what they've been asking for quality, consistency, and impressive value.”  
— Abedalrahman Alwaqfi, Sales Manager at Al-Rabiya Auto Accessories

### **Bringing a new PPF option to the UAE and Middle East market**

The Vunyx® Smart Shield range features TPU-based construction engineered for optical clarity, heat-activated self-healing, and glossy surface enhancement. With two product tiers available, one focused on maximum value and the other on stronger durability, Al-Rabiya is positioning the lineup as a versatile solution for car care centers serving a wide range of customers.

What makes the films especially suitable for the region is their balance of flexibility, clarity, and cost efficiency, qualities increasingly prioritized by both established installers and new detailing businesses aiming to expand their service offering.

### **Two PPF options designed for different detailing shop needs**

#### **Vunyx® Smart Shield 150**

Built for installers requiring stronger resilience, the 150 µm TPU construction delivers dependable protection, a polished gloss finish, and heat-activated recovery of light surface marks.

#### **Vunyx® Smart Shield 130**

Crafted for high clarity and ease of use, this option offers installers an economical yet precise PPF solution ideal for daily applications and high-volume detailing centers.

“We tested the films extensively and were impressed by how installer-friendly both versions are. The handling, flexibility, and clarity will help workshops deliver better results with less effort.”  
— Abedalrahman Alwaqfi

### **Strengthening the region's professional car care industry**

For more than a decade, Al-Rabiya Auto Accessories has supported the UAE automotive aftermarket with accessories, [wholesale paint protection films](#), Bulk window films, and detailing technologies. The addition of the Vunyx® Smart Shield portfolio gives installers and workshops access to a globally developed PPF solution without long import lead times or complex ordering processes.

With the growing interest in PPF across the GCC, Al-Rabiya aims to provide businesses with:

- Reliable access to PPF rolls in multiple sizes
- Technical support for product selection and installation
- Opportunities for detailing shops to expand their protection packages
- Faster replenishment cycles through local inventory
- A trusted supply chain backed by an international brand
