

Altair Technology Expands Partnership with Canaan Creative

Now Authorized Distributor of Full Avalon Miner Lineup

St. Louis, Missouri Apr 22, 2026 ([IssueWire.com](https://www.IssueWire.com)) - [Altair Technology](https://www.AltairTechnology.com), a leading U.S.-based provider of Bitcoin mining hardware and solutions, today announced a significant expansion of its partnership with [Canaan Creative](https://www.CanaanCreative.com) (NASDAQ: CAN), the global leader in Bitcoin mining ASIC technology and manufacturer of the award-winning Avalon series.

Altair Technology has been an official authorized distributor of Canaan Avalon miners since April 2025. With this expanded partnership, Altair Technology is now carrying Canaan’s complete lineup of Avalon Bitcoin miners, ranging from compact home and desktop models to high-performance [commercial-grade miners](#).

This expanded distribution agreement allows Altair Technology to offer customers in North America immediate access to the full portfolio of genuine Avalon miners, including the popular [Avalon Nano 3S](#), [Avalon Q](#), and the latest high-hashrate commercial models — all backed by full manufacturer warranty and direct factory support.

“We are thrilled to deepen our partnership with Canaan and become a full-line authorized distributor,” said Aviral Shukla, President of Altair Technology. “Since becoming an authorized distributor in April 2025, we’ve seen tremendous demand for the Avalon Nano 3S and Avalon Q. This expansion now gives us access to Canaan’s entire portfolio, including the highly anticipated upcoming Avalon A16 series. We can now better serve both home miners and large-scale operations with the complete range of Canaan’s innovative mining hardware, backed by fast U.S. shipping, competitive pricing, and expert local technical support.”

Key Benefits of the Expanded Partnership:

- Full access to Canaan's entire Avalon product lineup
- Genuine factory-new miners with official manufacturer warranty
- Large U.S. inventory and fast domestic shipping from St. Louis, Missouri
- Tariff-inclusive pricing for U.S. customers
- Dedicated technical support from an experienced mining operator
- Complete ecosystem of miners, spare parts, and accessories

With its own operational Bitcoin mining facilities in the St. Charles, Missouri area, Altair Technology continues to strengthen its position as a trusted, knowledgeable distributor focused on quality, transparency, and customer success.

About Altair Technology

Altair Technology is an American Bitcoin mining company headquartered in St. Louis, Missouri. The company owns and operates its own mining facilities and specializes in providing premium ASIC miners, parts, and accessories from top manufacturers including Canaan Avalon, Bitmain, and MicroBT Whatsminer. Altair Technology is committed to making Bitcoin mining accessible, reliable, and profitable for hobbyists and commercial operators alike.
