

## America's Best in Medicine Features Bradley DeMass, RN: Regional Director of Nursing at Children's Surgical Centers

Combining Military Experience, Clinical Expertise, and Administrative Leadership to Elevate Patient Outcomes

**Salt Lake City, Utah Apr 1, 2026 ([Issuewire.com](https://www.issuewire.com))** - Bradley DeMass, RN, is a highly respected nursing leader with extensive experience in surgical services, stroke and trauma programs, and hospital administration. As Regional Director of Nursing at Children's Surgical Centers, he oversees clinical operations across multiple facilities, ensuring the consistent delivery of high-quality, patient-centered

care.

“I enjoy practicing medicine because it allows me to help others and give back to my community in meaningful ways,” says Bradley, reflecting his dedication to service and compassionate care.

Bradley holds a Master of Hospital Administration from South University, graduating with a 3.98 GPA, and a Bachelor of Science in Nursing from Ameritech College of Healthcare, where he earned a 4.0 GPA. His career includes leadership roles with major healthcare organizations such as CommonSpirit Health and Steward Health Care, where he directed surgical services and led initiatives focused on ethics, operational efficiency, and clinical excellence.

In addition to his healthcare leadership, Bradley brings nearly 12 years of service in the U.S. Army and a decade as a medic with Team Rubicon, strengthening his skills in crisis management, rapid decision-making, and team leadership under pressure. His expertise bridges both clinical and administrative domains, with a proven ability to develop programs that enhance patient outcomes, streamline operations, and support professional growth among healthcare teams.

Known for his professionalism, mentorship, and dedication to continuous improvement, Bradley DeMass remains committed to advancing patient outcomes while driving operational excellence. Through his leadership, he continues to enhance the quality, accessibility, and effectiveness of care across surgical and hospital settings.
