

America's Best in Medicine: Megan D. Card, PA-C, Championing Access to Mental Health Care in Underserved Communities

Newly Certified Physician Assistant Seeks to Launch Career Focused on Compassionate,
Patient-Centered Support

New Windsor, New York Apr 8, 2026 ([Issuewire.com](https://www.Issuewire.com)) - Windsor, New York – Megan D. Card, PA-C, a newly certified Physician Assistant, is poised to begin her clinical career with a clear mission:

expanding access to quality mental health care, particularly in underserved and rural communities. With a strong educational foundation and a deeply personal connection to her work, Megan is dedicated to making a meaningful impact in the lives of patients facing mental health challenges.

Megan earned her Master's Degree in Health Sciences in Physician Assistant Studies from South College in Tennessee and is now actively seeking her first professional role. She is eager to join a healthcare team where she can apply her training while continuing to grow as a clinician in the mental health field. Open to working with both adult and pediatric populations, Megan is committed to delivering compassionate, patient-centered care that meets individuals where they are.

Her passion for mental health advocacy is rooted in personal experience. Witnessing her sister's journey with bipolar disorder and the difficulty her family encountered in accessing adequate local care shaped Megan's determination to be part of the solution. She is particularly driven to promote early intervention, reduce stigma, and improve access to resources for those who need them most.

With empathy, dedication, and purpose, Megan D. Card is ready to serve and support communities, helping patients feel understood, empowered, and cared for every step of the way.
