

# BathGuys Expands Bathroom Renovation Services Across the Greater Toronto Area

Helping homeowners in Toronto and the GTA upgrade their bathrooms with modern, functional and high-quality renovation solutions.

**Richmond Hill, Ontario Apr 22, 2026 ([Issuewire.com](https://www.issuewire.com))** - BathGuys, a growing [bathroom renovation company based in Richmond Hill](#), is expanding its services to more communities in the Greater Toronto Area (GTA). The company is helping homeowners upgrade their bathrooms with modern designs, better functionality and a lot more functionality and all the quality craftsmanship they need.

With more homeowners investing in home improvements, bathroom renovations have become one of the most popular upgrades in the GTA. BathGuys is responding to this demand by offering complete renovation solutions tailored to different home types, including houses, condos and small spaces.

[BathGuys](#) provides full-service bathroom renovations, managing everything from the initial design to the final installation. Their services include demolition, plumbing, electrical work, tiling, fixture installation and custom vanities. This start-to-finish approach helps homeowners avoid dealing with multiple contractors and makes the process more efficient.

One thing that really sets BathGuys apart is their 3D design service. Before any of the actual construction work gets underway, they give clients a real shot at seeing what their bathroom is going to look like. This really helps homeowners make those all important decisions about how to lay the space out and what materials and finishes they should use - all before they're left with a costly re-do.

The company also focuses on proper waterproofing systems, which are critical for long-lasting bathroom performance. By using modern waterproofing methods, BathGuys aims to avoid common issues like leaks, mold and water damage.

In addition to residential homes, BathGuys has experience working on condo bathroom renovations. These projects always require careful planning due to building rules, space limitations and scheduling restrictions. The company works to ensure all renovations follow local building codes and condo guidelines.

BathGuys currently serves a wide range of locations across the GTA, including Toronto, Richmond Hill, Markham, Vaughan, Mississauga, Brampton, Oakville, and nearby areas. Their goal is to make professional bathroom renovation services more accessible to homeowners throughout the region.

We understand that a bathroom renovation is a big investment, a company representative said. “Our goal is to make the process simple, clear and reliable for every homeowner.

As peoples taste for modern, functional homes continues to grow by leaps & bounds, BathGuys is looking at expanding its services further & continuing to bring practical bathroom renovation solutions to the GTA.
