RMG Mileage Completes 500+ Corporate Events Across India - Delhi, Gurgaon & Bangalore – Building Stronger Teams One Experience at a Time

The Delhi NCR-based corporate experiences company has spent over 10 years helping Indian organizations turn their workforce into winning teams through curated outings, team building activities, and corporate retreats.

New Delhi, April 27, 2026 – When Davinder Sharma founded RMG Mileage, he had one simple belief – that the best teams are not built inside boardrooms. They are built on mountaintops, around bonfires, in the middle of a relay race, and over shared meals far away from office desks. Five years and 500+ events later, that belief has become a business that hundreds of companies across Delhi, Gurgaon, and Bangalore trust every year.

RMG Mileage is a corporate experiences company specializing in corporate outings, team building activities, and corporate retreats for organizations of all sizes. Whether it's a 20-person startup or a 500-member enterprise, RMG Mileage handles everything – venue, logistics, activities, and on-ground coordination – so HR teams can simply show up and enjoy the day with their people.

Every experience is designed around the client's team culture, goals, and budget. From high-energy adventure activities to structured team games to luxury retreats – RMG Mileage crafts the right experience for the right moment.

"We don't sell packages, we create turning points. We have seen quiet employees become leaders and burned-out teams come back recharged after just one well-planned retreat," said Davinder Sharma, Founder & CEO of RMG Mileage.

Over five years, RMG Mileage has built strong venue and vendor networks across Delhi, Gurgaon, and Bangalore – serving clients from IT, BFSI, consulting, manufacturing, and e-commerce sectors. High repeat business reflects the trust companies place in the brand.

As employee engagement becomes a top business priority in India, RMG Mileage stands as a reliable partner for companies ready to invest in their people. Reach out today for a free consultation and customized event proposal.
