

Creatorverse : A Landmark Conference Redefining Jacksonville's Creative Economy

Jacksonville, Florida Apr 7, 2026 (Issuewire.com) - Jax Creators and Community First Credit Union Announce Creatorverse: A Landmark Conference Redefining Jacksonville's Creative Economy

Jax Creators, a division of the long-standing community organization GAAM Good, is proud to

announce the inaugural Creatorverse Conference Presented by Community First Credit Union. This two-day immersive experience will take place June 13-14, 2026, at the Schultz Center, located at 4019 Boulevard Center Dr, Jacksonville, FL 32207.

As the global creator economy continues its meteoric rise, Creatorverse 2026 arrives as the definitive gathering for North Florida's digital and traditional artisans. By partnering with Community First Credit Union, the conference highlights a shared mission to invest in local talent. This includes the influencers, streamers, artists, and entrepreneurs who are driving the city's cultural and economic identity.

"Jacksonville is a sleeping giant in the creative world," said Ryan Thompson, founder of Jax Creators. "Since our first meetup on April 19, 2023, where just 20 people gathered, we have seen this community explode into quarterly events with over 150 creators. Through the support of Community First Credit Union and the foundation built by GAAM Good, we are providing our local talent with a world-class stage to turn their passion into a sustainable career."

Featured Talent and Hands-On Workshops

The conference will feature an array of industry leaders, content creators and workshop facilitators dedicated to high-level skill building. The current lineup of featured creators is live at <https://creatorverseconference.com/conference/featured-creators>, and the list continues to grow. Jax Creators is actively seeking additional workshop leaders and speakers who are passionate about sharing their expertise with the next generation of creative entrepreneurs.

Creator Stations: An Immersive Exhibition

Beyond standard attendance, the conference offers unique opportunities for creators and brands to showcase their work through "Creator Stations." These stations have been curated to be interactive zones, tables and booths pushing participants to build their presence and engage directly with the audience. For this inaugural year, Creator Stations are available at half price, with tables and booths offered at a special inaugural discount. Interested parties can find more information and apply.

A Tech-Forward Experience at the Schultz Center

Creatorverse distinguishes itself from traditional trade shows by utilizing a proprietary digital ecosystem. Attendees are invited to create an account at <https://app.creatorverseconference.com/>, which serves as the operating system for the weekend. Key features include:

- **AI-Driven Matchmaking:** Attendees are intelligently paired with potential collaborators, mentors, and brand partners.
- **On-Site Certifications:** Creators earn professional badges in areas like AI Marketing and Brand Strategy.
- **Interactive Creator Spaces:** Traditional booths are replaced by immersive Creator Spaces, featuring live content-creation zones.
- **Real-Time Gamification:** Attendees participate in event-wide leaderboards via the app to win prizes and gain recognition.

Rooted in Community History

While Jax Creators has seen rapid growth since 2023, its success is built on the decade-plus legacy of GAAM Good, an organization dedicated to creating impactful social and creative experiences in Jacksonville. Creatorverse represents the culmination of this history, moving from grassroots meetups to a high-level industry summit.

Ticket and Registration Information

Tickets are currently available at the Advance price of \$60. This is a significant discount from the \$150 final door price. Registration includes full access to the two-day conference at the Schultz Center, the Creatorverse App, and exclusive networking sessions.
