

Evergrove Healthcare Announces VIP Meet & Greet with Legendary Referees at “Final Option”.

Herb Dean and Mike Beltran to officiate live bouts and host exclusive pre-event experience for select healthcare executives.

Palm Springs, California Apr 8, 2026 ([IssueWire.com](https://www.issuewire.com)) - Evergrove Healthcare has announced a major addition to its invite-only executive networking event, Final Option, taking place May 28, 2026, at the Grand Hyatt Indian Wells Resort & Villas alongside the West Coast Symposium on Addictive Disorders.

In partnership with King of the Cage, the evening will feature Herb Dean and Mike Beltran—two of the most respected referees in mixed martial arts—who will officiate the fights and participate in a private

VIP meet and greet.

Select guests will have the opportunity to meet Dean and Beltran prior to the bouts, take professional photos, and step into the spotlight with a championship belt for a once-in-a-lifetime experience.

“This is about more than just the sport. It’s about discipline, resilience, and composure under pressure. Those same principles carry into life and recovery, and I’m looking forward to sharing that with everyone in attendance.” — Herb Dean

“Final Option was built to challenge the traditional idea of networking. By bringing together healthcare leaders and icons from the world of MMA, we are creating something that is engaging, memorable, and meaningful.” — Jason Rumao, Chief Business Development Officer, Evergrove Healthcare

The event is a private gathering for healthcare executives and decision-makers, with limited VIP access available.
