**Brother Miguel Rodriguez of Alpha Phi Alpha Fraternity, Inc. Announces 2026 “Love For All**

## **Mankind” Basketball Clinic**

*Second Annual Puerto Rico initiative to unite youth development, mentorship, community service, and sustainability*

Alpha Phi Alpha Fraternity, Inc. Brother and *Love For All Mankind* Founder Miguel Rodriguez has announced the return of his second annual *Love For All Mankind Basketball Clinic*, a two-day youth-centered initiative that integrates basketball skills training with mentorship, community engagement, and service on Friday, May 1 and Saturday, May 2.

“The Love For All Mankind Basketball Clinic is intended to create real value for young people by combining athletic instruction with mentorship and community-centered purpose,” said Brother Miguel Rodriguez.

“Our goal is to provide an experience that develops skills, builds confidence, and reinforces the importance of giving back.” Organized by the Alpha Phi Alpha Fraternity, Inc.’s Puerto Rico-based Tau Delta Lambda (TDL) Chapter, this year’s event marks the second year of the partnership with the Boys and Girls Club of Puerto Rico, which has grown to include three additional BGCPR sites.

Positioned as more than a traditional sports camp, the clinic is designed to provide young participants with structured basketball development while reinforcing the importance of leadership, discipline, and personal responsibility for measurable impact both on and off the court.

As part of the 2026 program, Brother C T Ross of Alpha Phi Alpha Fraternity, Inc.’s Tau Delta Lambda Chapter will also introduce Boys & Girls Club of Puerto Rico members to some of the principles of his Keep That Same Green Energy™ platform. His contribution adds a youth education introduction to the concept of sustainability and its role in helping to combat Climate Change.

Keep That Same Green Energy™ is about educating and empowering people to climate action,” said Brother C T Ross, Tau Delta Lambda Chapter. “We are proud to support an initiative that brings together youth development, service, and sustainability in a practical and impactful way.” In addition, ECO Sports has also donated several vegan-based sustainable basketballs to support the effort. The partnership reflects a shared commitment to youth enrichment, and environmentally conscious practices within sports programming. Brother Rodriguez has shared updates on the 2026 clinic through social media channels, with information released as planning advances. To support, donate, or for registration information,
