Volcom Men's Denim: Rugged, Ready, Revolutionary

Kicking off the collection, Volcom men's denim pants bring that signature punk-rock edge to your summer rotation. Forget stiff jeans—these are engineered for movement, with stretch denim that flexes through skate sessions and bonfire hangs. The standout Volcom Vorta Slim Straight Jeans in faded indigo feature a mid-rise fit, reinforced knees, and water-repellent coating for those spontaneous beach rinses. Paired with Volcom's new Dimebag Cargo Pants, you've got utility pockets deep enough for your phone, wax, and keys, all in a lightweight 8.5oz denim that breathes in the heat.

What sets Volcom apart this summer? Sustainable vibes. Made with recycled cotton blends and low-impact dyes, these pants nod to eco-conscious shredders. Prices start at \$69.95, "Volcom denim is the bridge from surf to street," notes surf stylist Jax Rivera. "Wear 'em rolled up with boardshorts for that effortless California cool."

Billabong Men's Boardshorts: Wave-Chasing Perfection

No summer collection is complete without Billabong men's boardshorts, and Hansen's Surf is stocked with the brand's freshest trunks for 2026. The Billabong Sundays Pro Boardshorts lead the pack—21-inch outseams in a recycled polyester-elastane blend that dries in minutes, thanks to the proprietary H2 Core liner. Bold tropical prints inspired by Micronesia's atolls pop against solid blacks and navys, while the scalloped hem ensures zero drag in the pocket.

Pro surfer Koa Rothman, a Billabong ambassador, raves: "These boardshorts feel like a second skin—light, tough, and always ready for the next set."
