

Mission: I'M Possible Fights for Kids who Battle Cancer

Global Charity Hosts Book Signing Event for Kids at Barnes and Noble

Orlando, Florida Apr 18, 2026 ([IssueWire.com](https://www.IssueWire.com)) - In an evening filled with inspiration, emotion, and purpose, *Mission: I'M Possible Time 4 Sharing* proudly celebrated a successful and heartfelt book signing event at Barnes & Noble in Orlando, Florida, led by author, and 2 time cancer survivor, **Coach M J Tolan**.

The event marked more than just the launch of a children's book series— The I'M Possible Adventures of Boomer the Kangaroo.

It was a celebration of a 25-year global mission dedicated to uplifting underserved children and instilling in them the power of resilience through the transformative **"I'M Possible Mindset."**

Coach M J Tolan, co-founder of the charity is a **two-time cancer survivor** whose life journey has become the very heartbeat of his message. During his own battle with cancer, Coach M J chose defiance over fear—famously wearing costumes to chemotherapy and radiation treatments, turning hospital corridors into stages of courage and laughter.

"I made a decision," Coach M J shared during the event, "that cancer would not define me—I would defy it. I became the warrior to make cancer afraid of me."

This same spirit now lives within the pages of his children's book series, designed to empower young readers to face adversity through 'Boomer the Kangaroo' with courage, optimism, and strength. Through storytelling, imagination, and emotional connection, children are taught that no matter their circumstances—they too can say, *"I'M Possible."*

Over the past **25+ years**, *Mission: I'M Possible Time 4 Sharing* has delivered life-changing empowerment events to **over 17,500 underserved children across 8 countries**, creating unforgettable experiences for children facing illness, poverty, and hardship. From laughter-filled celebration days to moments of deep emotional healing, the mission has remained clear:

"Raising Fun for Kids That Matter."

The Barnes & Noble event was made possible through the generous support of corporate partners **RBIPS Publishing** and **ACS Vacations**, who proudly sponsored the initiative as part of their ongoing **Corporate Social Responsibility (CSR)** efforts.

Nicholas James Pappas, President of ACS Vacations, expressed the collective sentiment of the partners:

"Our group of companies is pleased to support these events for kids who really and truly deserve the chance to smile. We are simply paying it forward as a family, nationwide."

The evening brought together families, supporters, community leaders, and advocates—all united by a shared belief in the power of giving back and lifting others.

Looking ahead, Coach M J announced an exciting global expansion of the mission, with upcoming

International Children’s Day Empowerment Events scheduled from May 30 to June 1 in:

- *The Philippines*
- *Ghana*
- *Sri Lanka*

These 'Mission : I'M Possible Fun Day' events aim to continue the legacy of hope, bringing joy, empowerment, and the I'M Possible mindset to children who need it most around the world.

As the night concluded, one message echoed through every smile, every signed book, and every heartfelt conversation:

When belief meets purpose, anything becomes possible.

About Mission: I'M Possible Time 4 Sharing

Founded in 2000, Mission: I'M Possible Time 4 Sharing is a global children’s charity dedicated to empowering underserved youth through unforgettable events, emotional support, and inspirational programs.
