

O'Neill Fernandes — Thunder On The Turntable (New Album Release)

Release Date: April 24, 2026

Perth, Western Australia Apr 20, 2026 (IssueWire.com) - Thunder On The Turntable is the latest cinematic, era-spanning album from Perth musician, composer, guitarist, producer, and recording artist O'Neill Fernandes. Featuring 21 original tracks and AI-generated music videos for every song, the album is a vibrant celebration of rhythm, memory, and the decades that shaped modern music. Written, arranged, recorded, and produced entirely by O'Neill—with AI used only to assist in vocal

performance—the project blends nostalgia with innovation, heart with technology, and storytelling with pure musical joy.

The album opens in a world of jukeboxes, soda shops, leather jackets, and rebellious nights. Tracks like Jukebox Lightning, Blue Denim Boogie, Cherry Cola Twist, Shake The Neon Night, and Rebel Shoes On The Dance Floor explode with retro swagger, sax-driven energy, and the thrill of discovering freedom on the dance floor.

The middle third shifts into golden light and breezy harmonies. Songs such as Summer Of The Stereo Sun, Dancing Through The Daydream, The Groove Generation, Sunset Harmony Parade, Flower Beat Revival, Surfside Rhythm Caravan, and Reggae On The Radio Wave celebrate barefoot wanderings, coastal mornings, and the warmth of community.

The final act dives into cinematic emotion. Fuego del Corazón and Sax In The Moonlight bring moonlit romance, while Bop To The Beat and Chasing Down The Night. The intensity peaks with Fire In The Alleyway and High Voltage Heartbeat, before grounding itself in Australian soul with Backstreet Southern Sun.

The title track Thunder On The Turntable, closes the album as a lightning-charged tribute to vinyl and the soundtrack of a lifetime.

Speaking about the project, O'Neill describes 'Thunder On The Turntable' as "my tribute to the decades that shaped me—the sounds, the stories, the colours, and the memories. Every track is a piece of my heart, and every video is a window into the world that inspired it".
