Tampa Bay Families Can Explore the World This Summer with Sammy's Adventure World by Sloth Dreams Books & Publishing, LLC

This summer, local children and families have a brand-new destination for educational fun, creativity, and adventure with the exciting launch of **Sammy's Adventure World**, a playful new learning platform from Sloth Dreams Books & Publishing Company and bestselling children's author and educator KeriAnne N. Jelinek.

Created especially for children ages 0–12, Sammy's Adventure World brings stories, books, videos, activities, and hands-on learning experiences to life through the lovable character Sammy the Sloth. Designed to inspire curiosity and spark imagination, the platform makes learning feel like an adventure — whether kids are exploring world cultures, discovering amazing animals, learning about holidays and traditions, or diving into earth science topics like oceans, weather, volcanoes, and more.

Available now through www.SlothDreamsBooks.com, Sammy's Adventure World is quickly becoming Tampa Bay's go-to source for enriching summer fun that keeps kids learning while school is out.

A Summer of Learning, Creativity, and Adventure

Families across Tampa Bay are always looking for meaningful ways to keep children engaged during the summer months. Sammy's Adventure World was created to fill that need with fun, screen-friendly, and activity-based educational content that parents can feel good about.

Through Sammy's Adventure World, families can enjoy:

- Educational books and story adventures for ages 0–12
- Summer reading fun and literacy resources
- Interactive learning videos and storytime adventures
- Social studies and geography exploration
- Earth science and nature learning
- Animal adventures and wildlife discovery
- Holiday and cultural celebration activities
- Printable resources, crafts, and educational extras
- Book recommendations and family-friendly learning tools

"Sammy's Adventure World was created to make learning exciting, magical, and accessible for all children," said KeriAnne N. Jelinek. "We wanted to give families a joyful resource that encourages kids to explore the world around them through books, creativity, and curiosity — especially during the summer when learning should still feel fun."
