

## Scopism announces ANZ Regional Partnership

Scopism, the leaders in SIAM best practice, announce the appointment of a new Regional Partner for Australia and New Zealand.

**London, United Kingdom Apr 24, 2026 ([IssueWire.com](https://www.IssueWire.com))** - Scopism, the global community and accreditation body for SIAM (service integration and management) professionals, has announced that TaUB Solutions Pty Ltd will be its Regional Partner for Australia and New Zealand.

Suresh GP MBRM, BRM Coach & Regional Ambassador BRMI, is Managing Director & Principal Consultant at TaUB Solutions and has previously held roles in service management, service transformation and operating model design and delivery. Suresh's sector experience covers financial services and local government and in his role as Regional Partner for ANZ, he will support Scopism's mission to help organizations extract maximum value from their complex operating models and multi-supplier ecosystems.

Commenting on the appointment, Scopism Founder and CEO Claire Agutter said: *"We've seen significant growth in interest and adoption of Scopism across ANZ over the past year, with organizations looking to address similar challenges around integration across multiple service providers and providing excellent outcomes for customers. Suresh has extensive experience supporting on their SIAM journey, and so we are delighted to welcome him to the Scopism community."*

*"We are excited to see demand for SIAM expertise continuing to develop in Australia and New Zealand. Not only does this provide opportunities for existing Scopism members to expand their businesses, but it also allows us to support more organizations on their journey and help them to tackle these challenges,"* added Claire.

Suresh will work closely with Scopism's global and regional networks to grow SIAM expertise and capabilities across ANZ and ensure local organizations have access to Scopism's resources including the SIAM Body of Knowledge (BoK) and Scopism SIAM Assured (SSA) accreditation programme.

Commenting on the new partnership, Suresh said: *"The challenges many organizations are facing are not new, but what is changing is the level of sophistication with which they're looking to tackle them. SIAM provides a tried and tested framework for addressing real-world challenges, and I'm looking forward to helping more organizations put it into practice. With Claire's support, we'll also be growing*

*our membership base in Australia and New Zealand, something I'm really excited about."*
