ABOUT SHOMI HEALING

Founded with a mission to make holistic healing accessible to all, Shomi Healing operates from its flagship center at Shreeji Square, Valkeshwari Nagari, Jamnagar, while extending its reach globally through virtual consultations and online courses. Learn more about the founder and her approach on the [About Us page](#). The center serves clients ranging from corporate professionals and business owners to students, homemakers, and spiritual seekers from countries including the USA, Canada, the United Kingdom, and Australia.

Hetal Chandra is a certified practitioner of Reiki, Karuna Reiki, Crystal Healing, Angel Healing, Aura Healing, Astrology, Tarot Card Reading, Vastu Shastra, and NLP-based Spiritual Wellness. Her multi-disciplinary expertise allows her to offer clients a truly personalized healing journey — one that addresses root causes of imbalance rather than merely managing surface-level symptoms.

CORE SERVICES & OFFERINGS

Vastu Shastra Consultation: A standout pillar of Shomi Healing's integrated approach is its expert [Vastu consultation service](#). Vastu Shastra, the ancient Indian science of spatial arrangement and directional alignment, holds that the physical spaces we inhabit emit vibrations that profoundly influence our health, wealth, relationships, and overall life trajectory. As a qualified Vastu and Astro consultant, Hetal Chandra conducts meticulous on-site and virtual assessments of clients' spaces, identifying energy imbalances and prescribing practical, non-invasive remedies. Businesses and households that have implemented her Vastu recommendations report measurable improvements in financial flow, family harmony, and personal well-being.

Energy Healing Therapies: The cornerstone of Shomi Healing's practice is its transformative Energy Healing Therapy sessions. Drawing upon Reiki, Karuna Reiki, Aura Cleansing, Crystal Healing, and Angel Healing, these sessions identify and remove energetic blockages that accumulate due to stress, trauma, unresolved emotions, or environmental influences. Each session is conducted with deep intentionality, allowing life-force energy to flow freely, thereby restoring physical vitality, emotional equilibrium, and spiritual clarity. Clients consistently report relief from chronic anxiety, unexplained fatigue, sleep disturbances, and relationship tensions.

Chakra Balancing: One of Shomi Healing's most sought-after services is Chakra Balancing therapy. The human body contains seven primary energy centers — from the Root Chakra (Muladhara) at the base of the spine to the Crown Chakra (Sahasrara) at the top of the head. When any of these centers become overactive, underactive, or blocked, the consequences manifest as physical ailments, emotional disturbances, or mental fog. Hetal Chandra's sessions use a combination of energy work, healing crystals, sound frequencies, and guided visualization to realign these vital centers. Benefits include improved physical wellness, heightened emotional intelligence, sharper mental focus, and a deeper sense of spiritual connection.

Guided Meditation Sessions: Shomi Healing offers structured meditation consultations tailored to individual needs. Whether a client is a first-time meditator struggling with racing thoughts or an experienced practitioner seeking to deepen their practice, the center provides personalized guidance that makes meditation accessible and profoundly transformative. Regular meditation practice as facilitated at Shomi Healing, has been shown to reduce cortisol levels, improve sleep quality, boost immune function, and significantly enhance overall psychological well-being.

"We believe your surroundings are a mirror of your inner world — and when we heal your space, we heal your life."

Tarot Card Reading & Oracle Guidance: For those seeking clarity at crossroads moments in life, Shomi Healing offers insightful [Tarot Card Reading consultations](#). Far from mere fortune-telling, card reading at Shomi Healing is approached as a sophisticated tool for self-reflection and spiritual guidance. Hetal Chandra's readings reveal hidden energetic patterns, unconscious emotional drivers, and potential life trajectories — empowering clients to make confident decisions aligned with their highest good, whether the question involves love, career, finances, or personal growth.

Numerology Readings: Shomi Healing also integrates the ancient wisdom of Numerology into its holistic framework. By analysing the vibrational significance of a client's birth date and name, Hetal Chandra provides profound insights into their life path number, core strengths, karmic lessons, and periods of opportunity or challenge. These readings serve as a powerful complement to energy healing and Vastu guidance, helping clients understand the cosmic blueprint of their existence.

EDUCATIONAL COURSES & CERTIFICATIONS

Beyond individual healing sessions, Shomi Healing is deeply committed to empowering a new generation of energy healers through its comprehensive certification courses. These programs are designed for both complete beginners and seasoned wellness practitioners. Current offerings include Holistic Energy Healing (encompassing Reiki and Pranic Healing techniques), Karuna Healing, Card Reading, Aura & Chakra Healing, and Five Elements Healing.

Each course is structured to provide both theoretical grounding and practical experiential learning, equipping graduates with the knowledge, sensitivity, and ethical framework needed to facilitate healing for others. Participants from diverse professional backgrounds — including doctors, therapists, yoga instructors, life coaches, and corporate executives — have completed Shomi Healing's programs with remarkable results. The Holistic Energy Healing course guides participants through clearing energy blockages, activating life-force energy, and creating sustainable harmony in their daily lives. The Karuna Healing program channels divine compassion to address deep emotional wounds — a modality particularly suited to those who have experienced trauma, grief, or prolonged emotional distress.
