

## Sick Bird Shatters Genre Boundaries with New High-Octane Single "Finding Time"

**Chico, California Apr 26, 2026** ([IssueWire.com](http://www.IssueWire.com)) - Emerging artist **Sick Bird** is set to release their latest single, "**Finding Time**," a defiant exploration of modern burnout and the search for purpose. Blending the raw grit of alternative rock with the sharp lyrical delivery of underground rap, "Finding Time" serves as an anthem for those caught in the relentless pace of the 2026 digital age.

Following the success of previous releases like *Hot & Hazy*, Sick Bird continues to evolve their signature "alt-fusion" sound. "Finding Time" features heavy, distorted guitar riffs creating a sonic tension that mirrors the song's lyrical themes of anxiety and temporal pressure.

*"This track came from that feeling of running a race where the finish line keeps moving," says Sick Bird. "I wanted to mix the aggression of rock with the honesty of rap to capture that specific kind of frustration. It's about trying to find a second to breathe when the world won't stop spinning."*

Produced by **Sick Bird**, the track leans into a "quiet-loud" dynamic—opening with a brooding, atmospheric verse before exploding into a stadium-ready rock chorus. Fans of artists like **Twenty One Pilots**, **Linkin Park**, or **KennyHoopla** will find a familiar yet fresh energy in Sick Bird's latest offering.

"**Finding Time**" will be available on all major streaming platforms, including Spotify and Apple Music, on **5/8/2026**.
