Siora Surgicals to Present Advanced

ORTHOPEDIC INNOVATIONS AT WHX MIAMI 2026

JUNE 17th - 19th, 2026

www.siora.com | info@siora.net | +91 9810021264

Miami Beach, Florida Apr 25, 2026 (Issuewire.com) - Siora Surgicals Pvt. Ltd., a globally recognized manufacturer and supplier of high-quality orthopedic implants and instruments, is all set to participate in the prestigious [WHX Miami 2026](#). The event will take place from **June 17 to June 19, 2026**, at the renowned Miami Beach Convention Center. Visitors can explore Siora's advanced product

portfolio at **Booth Y23**, where the company aims to connect with distributors, surgeons, and healthcare professionals from across the globe.

With a strong reputation built on precision engineering and consistent quality, Siora Surgicals continues to expand its global reach. Its participation in **World Health Expo Miami 2026** highlights the company's ongoing efforts to bring reliable and innovative orthopedic solutions to international markets.

At the event, Siora will showcase a diverse range of orthopedic implants designed to meet modern surgical needs. The key product categories on display include:

- **Maxillofacial Implants** – Developed to support facial trauma and reconstructive surgeries with precision and anatomical compatibility. Our [maxillofacial plates](#) and screws are made using medical-grade titanium, ensuring improved strength, biocompatibility, and durability.
- **AURASPINE Spine Implants** – Engineered to provide stability and support in various spinal procedures while aligning with advanced surgical techniques. From a comprehensive pedicle screw range to cages, we offer **spine implants** catering to different spinal conditions.
- **VARIOLOCK Variable Angle Locking Plate System** – Designed to offer flexibility in screw placement, allowing better fixation in complex cases. **Variable angle locking plate** system by Siora Surgicals is known to have low profile design, enhancing comfort and minimizing the risk of soft tissue irritation.
- **Interlocking Nails** – Known for their strength and reliability in managing long bone fractures with consistent surgical outcomes. From expert tibia nails to humerus [interlocking nails](#), we have a comprehensive range in this category.
- **TARSOFIX Ankle Nailing System** – Specially designed for ankle fusion procedures, ensuring strong fixation and improved post-operative stability. Our [ankle nailing system](#) features multiple locking options, providing ease to accommodate for different patient conditions.

Each of these product categories reflects Siora's focus on quality, innovation, and surgeon-friendly designs. Manufactured using medical-grade stainless steel & titanium, and advanced processes, these trauma implants are built to deliver dependable performance in demanding clinical environments.

Speaking about the upcoming event, a spokesperson from Siora Surgicals shared that the **Miami Exhibition** serves as an ideal platform to connect with global industry leaders and showcase the company's latest advancements. The team is eager to engage in meaningful discussions, explore new partnerships, and strengthen relationships with existing associates.

Over the years, Siora Surgicals has earned recognition for maintaining stringent quality standards and complying with international certifications. Its state-of-the-art manufacturing facilities and skilled workforce ensure that every product meets global expectations in terms of safety, durability, and performance.

WHX Miami 2026 is expected to draw a large number of healthcare professionals, distributors, and decision-makers from around the world. If we talk about numbers, then the event expects over 15,000 professional visits, 1,300 exhibitors, and 120 visiting countries. For Siora, this is not just an opportunity to exhibit products but also to share its commitment to advancing orthopedic care through innovation.

Attendees visiting **Booth Y23** can expect detailed insights into Siora's product offerings and the opportunity to interact with knowledgeable representatives who can provide guidance based on specific requirements.

With a growing international presence and a clear focus on excellence, Siora Surgicals is all set to make a strong impact at **FIME 2026** (Now WHX Miami), reinforcing its position as a trusted partner in the global [orthopedic implants](#) industry.
