Enhances Energy Efficiency for Edmonton Homes with Advanced Solar Shade Solutions

Edmonton, Alberta Apr 19, 2026 (Issuewire.com) - We're happy to announce our new 2026 [Solar Shade and Honeycomb](#) line at Solar Blinds. These products were made just for the harsh weather in Alberta. Solar Blinds wants to help homeowners in Alberta make their homes more beautiful and energy-efficient by offering them new products.

A Local Growth Story Rooted in Quality

What started as a small store in Edmonton has quickly become the best place to get custom window fashion. Solar blinds are growing because they believe in local craftsmanship and have a neighbour-first service model. Unlike big-box retailers, Solar Blinds offers precision-measured, locally manufactured products that confirm a seamless fit for every unique Edmonton home.

"Our success is evidence of the confidence our clients have put in us," explains the management of Solar Blinds. "With the use of superiority, eco-friendly materials, we have effectively improved our geographical reach within the greater Edmonton area, meeting with customers at their doorstep.

In a city where temperatures can swing 40 degrees in a single week, insulation is paramount. Solar

Blinds' new energy-efficient honeycomb shades are engineered with an exclusive cellular structure that traps air, creating a thermal barrier. This technology can decrease heat loss in the winter and heat gain in the summer by up to 40%, leading to substantial savings on monthly utility bills and a smaller carbon footprint for the Capital Region.

Strengthening Brand Trust Across the Region

SolarBlinds.ca is becoming an authority in energy-efficient window coverings as it has gained more exposure online and provided customers with an exceptional level of service. There are many more branded searches for "Solar Blinds Edmonton", so we are continuing to be transparent, do great work, and provide unmatched service. We also continue to expand by offering free in-home consultations and professional installations for:

- Edmonton (All quadrants)
- St. Albert
- Sherwood Park

Solar Blinds is a window treatment company in Edmonton that offers energy-efficient, high-quality, and low-cost window treatments like faux wood blinds, [zebra shades](#), and cellular honeycomb systems. We are committed to the principles of sustainability and using local artisans to create products from the materials that they are made from. We offer professional design services and precise installation in the Greater Edmonton Area.
