Hyderabad, Telangana Apr 28, 2026 ([IssueWire.com](https://www.issuewire.com)) - Trend10 Digital, a growth-focused digital marketing agency, has announced the launch of its **Digital Marketing Training Program with Job Assistance** at its Gachibowli center, Hyderabad. The program is designed to equip students, fresh graduates, and working professionals with industry-relevant skills and practical exposure to succeed in

today's competitive digital economy.

With the rapid growth of digital-first businesses, the demand for skilled digital marketers has surged across industries. Trend10 Digital's training initiative aims to bridge the skill gap by offering **hands-on learning, real campaign exposure, and career-focused mentoring.**

Program Highlights

- Comprehensive training across **SEO, Google Ads, Meta Ads, YouTube Marketing, and Analytics**
- **Live project exposure** with real campaign execution
- Practical learning approach focused on **performance marketing and ROI-driven strategies**
- Dedicated **job assistance program** including resume building, interview preparation, and placement support

Career-Focused Approach

Unlike traditional classroom-based programs, Trend10 Digital's training is structured around real-world business scenarios. Participants will gain experience in **campaign planning, execution, optimization, and reporting**, preparing them for roles in agencies, startups, and corporate marketing teams.

Prime Location – Gachibowli

Located in the heart of Hyderabad's IT and startup hub, the Gachibowli center provides access to a thriving business ecosystem, offering students better networking and career opportunities.

Leadership Perspective

"Digital marketing today is not just about theory—it's about execution and measurable results. Our program is designed to make students job-ready from day one," said a spokesperson from Trend10 Digital.

Who Can Apply?

- Students and fresh graduates (BBA, MBA, B.Tech, etc.)
- Working professionals looking to upskill or switch careers
- Entrepreneurs aiming to scale their business online
