

An International Educational Journey for Young Readers

Dr. Robert “Rocky” Valles Jr. Expands Inspiring Children’s Book Collection Worldwide

Book of Virtues

The little lantern of seven lights

Dr. Robert "Rocky" Valles, Jr.

Camarillo, California Jun 1, 2026 (IssueWire.com) - International educator, mentor, and author Dr. Robert “Rocky” Valles Jr. is continuing to expand his growing educational children’s book collection designed to inspire curiosity, cultural awareness, global understanding, and educational exploration among children and families around the world.

With more than 30 years dedicated to education as a teacher, principal, assistant superintendent, university professor, mentor, and coach, Dr. Valles has devoted his life to helping students and families grow through learning, leadership, travel, and positive mindset development.

Through vibrant storytelling and engaging illustrations, the expanding collection introduces young readers to countries, cultures, traditions, architecture, history, geography, and lifestyles from around the globe while encouraging children to embrace learning beyond the classroom.

A Growing International Educational Series

The collection currently includes educational travel-themed titles such as:

- Let’s Go to Germany
- Let’s Go to Ireland
- Let’s Go to Italy
- Let’s Go to England
- Let’s Go to America
- Let’s Go to France
- Let’s Go to Japan
- Let’s Go to Greece
- Let’s Go to Mexico
- Let’s Go to Russia

Additional inspirational and educational titles currently in development include:

- Book of Virtues
- I AM

As part of the broader international expansion strategy, the collection is also being prepared for multilingual accessibility and expanded global publication positioning. Several country-based titles are planned for translation into the native language connected to each featured country while also remaining available in English to strengthen international educational accessibility and worldwide reader engagement.

Building a Global Educational Brand

The broader long-term vision behind the collection is to position the series not simply as individual children’s books, but as a recognizable international educational children’s brand focused on cultural exploration, positive learning experiences, and family-centered educational storytelling.

The expanding rollout strategy includes broader international publication positioning, global discoverability preparation, social media branding, educational visibility campaigns, promotional trailer development, and international accessibility preparation designed to strengthen the long-term educational reach of the collection worldwide.

“Travel and education have always played a major role throughout my life,” said Dr. Valles. “I wanted to create books that encourage children to learn about the world, appreciate different cultures, and become excited about education, exploration, and personal growth.”
