

Angelique Friend Continues Providing Trusted Fiduciary Support Across Ventura County

Supporting Families, Attorneys, and Courts With Professional Fiduciary Guidance in Probate, Trust, and Conservatorship Matters

Camarillo, California May 15, 2026 ([IssueWire.com](https://www.IssueWire.com)) - Angelique Friend, President of Probate Services, Inc., continues to provide professional fiduciary support for families, attorneys, and courts handling probate administration, trust administration, and conservatorship matters throughout Ventura County and surrounding communities.

Through Probate Services, Inc., Friend works with clients facing complex financial and personal transitions that require organized oversight and reliable administrative support. Her published services include probate administration, trustee services, estate coordination, conservatorships, guardianships, and court accountings designed to help maintain continuity and responsible management during sensitive situations.

Friend's professional background combines fiduciary experience with financial and business training. According to her professional profile, she earned a business degree from California Lutheran University and later completed graduate studies with an emphasis in financial planning. Her prior experience includes internal auditing, budgeting, fraud prevention, financial forecasting, and asset supervision.

In addition to her fiduciary work, Friend maintains ties to local community organizations and professional associations, including the Ventura County Bar Association. Her work is positioned around professionalism, organization, and transparency for clients managing estate and fiduciary-related

responsibilities.

Probate Services, Inc. also emphasises that fiduciary services are separate from legal representation. The company states that Friend is not an attorney and does not provide legal advice, but instead offers fiduciary and administrative support to individuals, families, and professionals navigating probate and trust-related matters.

As public awareness surrounding fiduciary services continues to grow, Probate Services, Inc. remains focused on factual, service-based communication that highlights professional responsibilities, financial oversight, and client-centred support.
