

Dolly Ann Colby, RN, BSN: Experienced Labor & Delivery Nurse at Sequoia Hospital in Redwood City, California

Combining Clinical Expertise, Compassionate Patient Care, and Nursing Leadership to Support Women's Health and Family Wellness

Redwood City, California May 26, 2026 ([IssueWire.com](https://www.IssueWire.com)) - Dolly Ann Colby, RN, BSN, is a highly respected Labor & Delivery Nurse with more than 18 years of experience delivering compassionate, patient-centered healthcare to women and families. Known for her clinical expertise, empathetic approach, and unwavering dedication to patient well-being, Colby has built a distinguished career focused on providing exceptional care during some of life's most meaningful moments. Her commitment

to excellence has earned her recognition in POWER Magazine and the America's Best in Medicine awards.

Since 2007, Colby has served as a Labor & Delivery Nurse at Sequoia Hospital, where she has become a trusted and valued member of the healthcare team. In her role, she provides comprehensive patient care that includes pre-operative and post-operative support, medication and IV administration, direct patient management, and close collaboration with physicians to ensure timely and effective interventions. Her holistic approach prioritizes not only physical health, but also the emotional and spiritual well-being of her patients and their families.

Colby earned her Bachelor of Science in Nursing from San Francisco State University, establishing the strong educational foundation that has guided her successful nursing career. She has pursued extensive continuing education and specialized certifications, including BLS/ACLS, NRP, and PALS certifications, along with advanced training in hormone replacement procedures, Botox, fillers, and semaglutide protocols. Her commitment to professional growth reflects her dedication to remaining at the forefront of evolving healthcare and wellness practices.

Throughout her career, Colby has demonstrated a passion for mentorship and education. At Sequoia Hospital, she has served as a preceptor for nursing students and newly hired nurses, helping guide the next generation of healthcare professionals with patience, encouragement, and hands-on instruction. Her ability to foster teamwork and collaboration has made her a respected leader among her peers.

“What I enjoy most about practicing medicine is working alongside my team, who feel more like family than colleagues,” says Colby. “The strong sense of collaboration, trust, and support we share allows us to provide the highest level of care for our patients while also creating a positive and encouraging work environment. Being part of a team that genuinely supports one another makes the work deeply meaningful and rewarding.”

In addition to her hospital experience, Colby contributed to Biohackr from 2022 to 2023, where she played an instrumental role in introducing semaglutide treatments to the clinic. During her time there, she provided leadership, cross-trained fellow registered nurses, and administered hormone replacement therapies and cosmetic procedures. Her efforts helped improve patient outcomes while also promoting preventive health and wellness initiatives that enhanced patient satisfaction and clinic productivity.

Colleagues and patients alike recognize Colby for her professionalism, compassion, and attention to detail. Her strong clinical judgment, combined with her ability to connect personally with patients, has made her a trusted figure within the healthcare community. Through her leadership, mentorship, and dedication to delivering high-quality care, Dolly Ann Colby, RN, BSN, continues to make a lasting impact on the lives of countless patients and fellow healthcare professionals.
