

Giran Republic Announces Release of “Worship,” a Groundbreaking Afro-Fusion Single by Asake Featuring DJ Snake

Lagos, Nigeria May 6, 2026 ([IssueWire.com](https://www.IssueWire.com)) - [Giran Republic](#) has officially announced the release of “Worship,” a powerful new Afro-fusion single by Nigerian music sensation Asake, in collaboration with globally acclaimed French producer DJ Snake. The release marks a significant milestone in the artist’s evolving sound and global musical influence.

Known for his unique fusion of Fuji, street-hop, and Amapiano, Asake—born Ahmed Ololade—has continued to redefine the Afrobeats genre since his breakout in 2022. With chart-topping projects such as *Mr. Money with the Vibe* and *Lungu Boy*, the artist has established himself as one of Nigeria’s most dynamic and innovative performers.

“Worship” builds on this momentum, delivering a rich blend of Fuji-inspired vocals, rhythmic Afrobeats percussion, and subtle electronic dance music (EDM) elements introduced by DJ Snake. The track stands out for its spiritual depth, centering on themes of gratitude, resilience, and devotion. With lyrics delivered in both English and Yoruba, the song resonates deeply with listeners, particularly through its recurring expression “Alhamdulillah,” meaning “praise be to God.”

The collaboration between Asake and DJ Snake reflects a seamless cross-cultural synergy, bringing together African musical heritage and global production excellence. The result is a genre-defying sound that appeals to both local and international audiences, reinforcing Afrobeats’ growing global footprint.

Speaking on the release, Asake stated:

“‘Worship’ is a reflection of my journey, my faith, and my gratitude for how far I’ve come. Working with DJ Snake brought a new dimension to the sound, and together we created something that speaks to the soul while still making people move. It’s more than music. It’s a message.”

The single is now available on all major streaming platforms and is expected to gain strong traction across global music charts and playlists.
