

# How Events Created with Love Is Revolutionizing Corporate Event Planning in Kenya

**Nairobi, Kenya May 14, 2026 ([IssueWire.com](https://www.issuewire.com))** - When companies think of corporate events, stiff handshakes and endless slide decks often come to mind. But [Events Created with Love](#) is changing that narrative one experience at a time. As a leading corporate event planner in Nairobi, the company has mastered the art of blending professionalism with genuine excitement, proving that team building and corporate engagements can be both strategic and unforgettable.

## **Comprehensive Corporate Event Planning**

From executive retreats and awards nights to full-scale staff conferences and corporate fun day experiences, Events Created with Love offers end-to-end corporate event planning tailored to each business. Their process begins with understanding the organisation's culture, goals, and audience, then designing an event that reflects these values in every detail.

Need branded stage design, themed corporate decoration, and a smart mix of formal and informal segments? Their creative and production teams collaborate to deliver a seamless experience, from concept and planning to execution and post-event breakdown.

## **Team Building That Actually Works**

Traditional team building has a reputation for being awkward or forgettable. Events Created with Love focuses instead on dynamic, inclusive activities that encourage real collaboration and connection. Their portfolio of outdoor and indoor games includes:

Classic lawn games such as corn hole, tic tac toe games, ring toss, and giant Jenga, ideal as icebreakers and networking tools.

High-energy activity stations like electric basketball, foos ball tables, and pool tables, which encourage friendly competition and informal interaction.

For companies that want experiential learning, these activities can be structured into themed team building challenges, with clear communication, leadership, and problem-solving objectives.

### **Next-Level Entertainment: Arcade, VR and Simulators**

Today's workforce expects more than a simple lunch and speeches. To truly excite staff, Events Created with Love incorporates arcade games, digital experiences, and simulations into corporate programmes.

### **Their entertainment inventory includes:**

Immersive VR games and PlayStations that appeal to tech-savvy employees and younger team members.

A thrilling rally simulator where colleagues can "race" each other in a safe, controlled environment, turning your corporate fun day into a memorable talking point.

These elements are carefully scheduled to complement formal sessions, ensuring the day feels both productive and genuinely enjoyable.

### **Corporate Events with a Family Dimension**

Many businesses in Kenya now favour corporate family days that welcome spouses and children. Events Created with Love is uniquely positioned here, thanks to its strong background in kids themed parties, kids party planning, and kids party planners services.

### **For family-inclusive events, they can add:**

Bouncing castles, trampolines, and interactive mascots for younger children.

Live entertainment such as a puppet show, magic show, or a clown with games to keep kids engaged while parents network or attend corporate segments.

This integration of corporate and family-friendly programming increases attendance and improves the overall perception of company culture.

### **Premium Event Infrastructure: Tents, Furniture and Facilities**

Behind every polished corporate experience is serious infrastructure. Events Created with Love provides a wide range of outdoor and indoor furniture, including event tables and elegant chiavari chairs, to suit everything from formal galas to relaxed retreats.

Their tenting solutions cover:

Versatile B line tents and A frame tents for conferences, dinners, and exhibitions.

Weather-resistant dome tents for creative layouts and outdoor environments.

Additional essentials such as high-quality portable toilets, ensuring guest comfort at larger-scale events.

By centralising furniture, tents, and logistics, the company simplifies vendor management for HR and procurement teams.

### **Professional Audio Visual Services**

Corporate messages are only as strong as their delivery. Events Created with Love offers integrated audio visual services, ensuring clear sound, impactful visuals, and reliable technical support throughout the programme. From wireless microphones and stage lighting to screens for presentations, live feeds, or event highlights, their AV setups help leadership and speakers communicate with confidence.

### **Integrating Games, Structure and Style**

What sets Events Created with Love apart is its ability to combine structured corporate goals with well-designed play. A single event might include:

Morning strategy sessions supported by professional audio visual services.

Afternoon breakout team building sessions using outdoor and indoor games, from corn hole and giant Jenga to electric basketball and foos ball.

Evening social time with [pool tables, arcade games, VR games, and PlayStations](#) for relaxed engagement.

All of this is staged under carefully selected [B line tents, A frame tents, or dome tents](#), with coordinated corporate decoration, event tables, chiavari chairs, and, where needed, portable toilets to support longer programmes.

### **Why Kenya's Corporates Are Taking Notice**

In a crowded market, Events Created with Love stands out as a versatile corporate event planner and execution partner for Kenyan organisations. Instead of stitching together multiple suppliers, companies can rely on one team that understands:

Corporate objectives and brand standards.

The power of engaging corporate fun day experiences.

The importance of reliable infrastructure and on-site coordination.

The result is a consistent style of corporate event planning that is efficient for HR and procurement, enjoyable for staff, and impressive for leadership and invited guests.

### **Ready to Go Beyond the Boardroom?**

Whether you are planning a strategy retreat, staff awards night, or high-energy corporate fun day, Events Created with Love has the expertise, equipment, and creativity to deliver. With everything from outdoor and indoor games, arcade games, VR games, and rally simulator setups to tents, event tables, chiavari chairs, portable toilets, and full audio visual services, they are a genuine one-stop solution for

corporate events in Kenya.
