

Infopro Learning Recognized as a Strategic Leader in the 2026 Fosway 9-Grid™ for Digital Learning

Infopro Learning, a global powerhouse in the field of managed learning services and digital learning solutions.

Princeton, New Jersey May 6, 2026 ([IssueWire.com](https://www.issuewire.com)) - Infopro Learning, a global powerhouse in the field of **managed learning services** and **digital learning solutions**, has today announced that it has been named as a Strategic Leader in the 2026 Fosway 9-Grid™ for Digital Learning.

The Fosway 9-Grid™ is considered to be the most influential analyst model in Europe for learning and talent systems, providers are assessed on five criteria including performance, potential, market presence, total cost of ownership, and future trajectory. That particular accomplishment sets the bar for Infopro Learning's ongoing capability in developing innovative, scalable, and results-driven learning solutions that are aligned with changing business requirements.

The appointment of Infopro Learning as a **Strategic Leader** mirrors, among other things, the company's powerful enterprise capabilities, customer reach, and dedication towards using digital learning to produce tangible business outcomes, Infopro Learning's combined solution of the use of highly sophisticated learning technologies, the creation of custom content, and AI-powered insights aids firms in the development of workforces that are both agile and capable of meeting the future.

Representing **Infopro Learning**, a company official stated, "We are greatly pleased to be a recipient of a Strategic Leader in the Fosway 9-Grid™ for Digital Learning. This honor extends our focus on assisting organizations in transforming learning into a vital business element through the use of innovation, scalability, and measurable impact."

This honor will continue to strengthen Infopro Learning's longstanding history of outstanding performance as well as it being a reliable partner for companies that are in the midst of digital transformation and working on their upskilling of the workforce.
