

International Conference on Otolaryngology-ENT Surgery November 26–27, 2026 | Barcelona, Spain

Ent 2026

liverpool, UK May 21, 2026 (IssueWire.com) - Scitechseries warmly invites you to attend International Conference on Otolaryngology-ENT Surgery (ENT 2026) scheduled to take place in **Barcelona, Spain**, from **November 26–27, 2026**, offering both In-person and Virtual participation options.

The conference will be held under the **theme**: “Advancing Precision, Innovation & Care in ENT Surgery.”

ENT 2026 is an annual international gathering that brings together leading experts, surgeons, clinicians, researchers, and healthcare professionals from around the world to promote the exchange of the latest knowledge and advancements in otolaryngology and head and neck surgery. Taking place at a pivotal time in the evolution of ENT care, this conference will focus on cutting-edge surgical techniques, technological innovations, and evidence-based clinical practices shaping the future of the field.

The event is designed to meet the interests of ENT surgeons, otolaryngologists, head and neck specialists, audiologists, speech and hearing professionals, anesthesiologists, researchers, academicians, industry representatives, and healthcare practitioners. The scientific program will feature distinguished keynote lectures, plenary sessions, interactive panel discussions, oral and poster presentations, hands-on workshops, and exhibitions, offering a comprehensive and enriching experience.

The congress is committed to maintaining its tradition of excellence by providing a timely and in-depth exploration of emerging trends, innovations, and best practices in otolaryngology-ENT surgery.
