

International Recording Artist Kailah to Perform National Anthem at Evergrove Healthcare’s “Final Option” Event

International Recording Artist Kailah to Perform National Anthem at Evergrove Healthcare’s “Final Option” Event at Grand Hyatt Indian Wells

Palm Springs, California May 19, 2026 ([IssueWire.com](https://www.IssueWire.com)) - Evergrove Healthcare announced today that local recording artist Kailah will perform the National Anthem at “Final Option,” the highly

anticipated private corporate event taking place Thursday, May 28, 2026, at the Grand Hyatt Indian Wells Resort & Villas.

A rising international artist from the Coachella Valley, Kailah has built a growing audience through her emotionally resonant vocals, memorable melodies, and dynamic live performances. Drawing inspiration from a diverse range of musical influences, including contemporary Christian, pop, and inspirational music, her sound blends passion, reflection, and authenticity into a style uniquely her own.

Beyond music, Kailah serves the community professionally as a registered nurse, where she works closely with breast cancer patients preparing for surgery. Her commitment to compassion and encouragement carries naturally into her performances, creating a genuine connection with audiences.

“We are honored to have Kailah join us for this special evening,” said Jason Rumao, Chief Business Development Officer for Evergrove Healthcare. “Her talent, professionalism, and uplifting presence make her a perfect addition to an event centered around resilience, strength, and community.”

“Final Option,” produced in partnership with King of the Cage, will feature an evening of live professional MMA bouts, executive networking, entertainment, and VIP experiences. Special guests include legendary referees Herb Dean and Mike Beltran, both of whom will participate in exclusive meet-and-greet opportunities before the fights.

The invitation-only event coincides with one of the behavioral healthcare industry’s largest gatherings in the Coachella Valley and is expected to draw healthcare executives, professionals, and invited guests from across the country.

Doors open at 6:00 p.m., with fights beginning at 7:00 p.m.
