

Jerome Dubrulle Launches New Website DubrulleFishingCharter.com

Jerome Dubrulle Launches New Website for Jacques on the D Fishing Charter, Making It Easier to Book Detroit River and Lake St. Clair Fishing Trips

Detroit, Michigan May 8, 2026 (IssueWire.com) - [Jerome Dubrulle](#), USCG licensed fishing guide and founder of Jacques on the D Fishing Charter, today announced the launch of his new website at DubrulleFishingCharter.com. The site gives anglers and visitors a single, easy-to-use destination to learn about, plan, and book guided fishing trips on the Detroit River and Lake St. Clair, two of the most productive freshwater fisheries in the country.

The new site provides full information on Jerome Dubrulle's seasonal charters, including spring and fall walleye trips, fall yellow perch outings, and summer multi-species adventures. It also includes pricing, scheduling, boat details, and direct booking access, all designed to remove the back and forth that often comes with planning a charter.

"I wanted a website that made it easy for people to understand exactly what we offer and get out on the water without a lot of hassle," said Jerome Dubrulle. "Whether someone is a first-time angler bringing their family out for a memorable day or an experienced fisherman chasing a specific bite, there's a place for them on my boat. The new site reflects that."

All trips depart from Stanton Yards Marina on Detroit's east riverfront aboard a 2019 Yamaha FSH 210

Center Console, with capacity for up to four guests per trip. Jerome Dubrulle handles all gear, fish cleaning, and a tailored experience for every group, from families with young kids to seasoned anglers. Trips are \$400 for groups of up to three and \$500 for four, with morning and afternoon start times available depending on the season.

The Detroit River is a hub for serious walleye fishing, with strong currents and seasonal runs that draw anglers from across the country. Lake St. Clair adds additional structure and species, including trophy smallmouth bass and yellow perch. Jerome Dubrulle has built his charter operation around the seasonal patterns that produce the best fishing, with deep local knowledge of where the fish are and when.
