

## Lumination Celebrates 25 Years as One of the UK's Most Trusted Independent Lighting Specialists

From a single Somerset showroom to illuminating homes and businesses across entire UK – a quarter-century of craftsmanship, passion, and light

**Taunton, Somerset May 21, 2026 ([IssueWire.com](http://IssueWire.com))** - Lumination, UK's premier independent lighting retailer, proudly marks 25 years of transforming homes, businesses, and public spaces with thoughtful, high-quality lighting solutions. From bespoke lighting solutions to chandelier restoration, this family-run retailer has won the hearts of & how!

Lumination has two stores in both [Wellington](#) and [Taunton](#), serving customers across the entire South West, South, and Midlands regions of England. Founded in 1999, their founding vision is refreshingly simple yet deeply personal: to help people see their homes in a completely different light.

*"Lighting is the unsung hero of every beautiful space. Get it right, and a room comes alive – it feels welcoming, warm, and entirely itself. Get it wrong, and even the most expensive interior falls flat. That is the philosophy we have built Lumination on for twenty-five years,"* said the Lumination team.

Lumination lighting range addresses growing demand for energy-efficient, sustainable, and smart lighting solutions in the UK. Products feature smart control, adjustable rings, dimmable switches, solar lighting, LED bulbs, water resistant build with a strong IP rating.

### **About Lumination:**

Lumination is a leading provider of innovative lighting technology in the UK, specialising in LED, solar, and dimmable lighting solutions for modern homes. Top-selling products include pendants, chandeliers, wall sconces, LED lamps, floor lamps, bathroom lights, etc.

Alongside lighting & fixtures, they also offer light accessories, cleaning & repair services. To learn more about the company and solution portfolios, please contact:
