

Pinnacle Global Media (PGM) Advances IPO Preparation Process

Ahuimanu, Hawaii May 6, 2026 (Issuewire.com) - Pinnacle Global Media (PGM) has officially announced the advancement of its Initial Public Offering (IPO) preparation process, marking a significant step toward entering the international capital markets.

As a company focused on advertising copyright management and digital media services, PGM has continued to strengthen its operational capabilities and expand its global footprint, building a solid foundation for long-term growth.

During this IPO preparation phase, the company is working closely with multiple professional institutions, including independent auditing firms, to carry out comprehensive financial compliance reviews, risk assessments, corporate governance enhancements, and regulatory preparations. All processes are being conducted in strict accordance with applicable regulatory standards to ensure transparency and compliance.

PGM has submitted its listing application to the UK Financial Conduct Authority (FCA). Key documents, including the prospectus, audited financial statements, corporate governance reports, and compliance disclosures, are currently under review. The company aims to enter the capital market upon completion of the regulatory process.

In parallel, PGM is strengthening its internal control systems, enhancing risk management frameworks, and expanding its finance, capital markets, and investor relations (IR) teams to support sustainable

development and long-term value creation.

This IPO initiative represents an important milestone in PGM's development journey and reflects its ongoing commitment to operational excellence, transparency, and strategic growth. Moving forward, PGM will continue to focus on delivering value to its employees, partners, and stakeholders while advancing its global expansion strategy.
