

Poet And Playwright Daniel A. Freedman Introduces The Giant's Book of Poems, A Creative Journey Through Modern Verse

New York City, New York May 19, 2026 (Issuewire.com) - Readers are invited to step into a world where imagination stretches beyond ordinary limits with the release of *The Giant's Book of Poems* by Daniel A. Freedman. This vibrant and eclectic poetry collection blends humor, surrealism, and heartfelt reflection into a reading experience that is as playful as it is profound.

Spanning a wide range of themes and tones, the collection moves effortlessly between the whimsical and the deeply introspective. From dreamlike explorations of love and light to sharp observations of modern life, Freedman's work captures both the absurdity and beauty of the human experience. Poems such as *"Dream Lecture"* and *"Pure Jelly"* showcase his ability to merge imagination with emotional resonance, offering readers moments that are both imaginative and quietly revealing .

Freedman's voice is distinct, at times humorous, at times biting, and often unexpectedly tender. His poems venture into surreal landscapes, cultural commentary, and personal reflection, creating a

collection that feels expansive and unpredictable. Whether depicting giant lobsters attacking power plants or meditating on loss, memory, and identity, ***The Giant's Book of Poems*** invites readers to see the world through a more curious and creative lens.

Daniel A. Freedman brings a rich creative background to his work. He attended Boston University, and majored in Communications. He wrote and produced two musicals *Pearl and the Pumpkin* and *Toby the Incredible Learned Pig*, with performances in New York City and beyond. His previous poetry collection, *Midbar Negev Nights*, drew from his global travels and experiences, further demonstrating his range as a writer.

With *The Giant's Book of Poems*, Freedman delivers a collection that speaks to dreamers, romantics, and anyone who appreciates poetry that dares to be different. It is a book that can be revisited again and again, revealing new layers with each read.
