

RJ Miller Inspires At-Risk Youth

Des Moines, Iowa May 6, 2026 (Issuewire.com) - RJ Miller Uses Personal Journey to Inspire At-Risk Youth Through Mentorship and Leadership Development

RJ Miller, Executive Director of Greater Opportunities Inc., is turning personal hardship into purpose by dedicating his life to mentoring at-risk youth and helping young people build leadership, discipline, and opportunity within their communities.

Driven by the memory and spirit of his late grandmother, Jeanette Jennings, Miller says his mission is rooted in giving young people the guidance, encouragement, and support he believes can help change lives and prevent future mistakes.

Through Greater Opportunities Inc., Miller focuses on mentorship, leadership development, community engagement, and empowering youth to see beyond their circumstances. Drawing from his own life experiences and past mistakes, he hopes to provide honest guidance and become an example of growth, accountability, and second chances.

Miller says a proverb that deeply resonates with his journey is: “Until the lion tells his story, the hunter will remain the hero.” He believes many young people who come from difficult circumstances are often judged only by their worst moments instead of their growth, resilience, and potential to give back.

“I want young people to understand that your past does not have to define your future,” said Miller. “Everybody makes mistakes, but growth comes from learning, giving back, and becoming a positive force in your community. I do this work in honor of my grandmother Jeanette Jennings, whose strength and love continue to inspire me every day.”

Greater Opportunities Inc. aims to create safe spaces and positive opportunities for youth through mentorship initiatives, leadership conversations, community outreach, and programs focused on personal growth and empowerment.

Miller says the organization’s long-term goal is to help develop future leaders while strengthening the community through guidance, accountability, and opportunity.
