

Unique Express Strengthens International Shipping Services from India

Unique Express Courier Services

Pune, Maharashtra May 21, 2026 (Issuewire.com) - Unique Express, a leading international and domestic [courier and logistics service provider](#), continues to strengthen its position in the global shipping industry with its reliable, fast, and secure door-to-door delivery solutions. Established in 2007, the company has built a strong reputation for offering efficient logistics services tailored to the needs of individuals, students, and businesses.

With a robust network spanning over 180+ countries, Unique Express provides comprehensive shipping solutions, including international courier services, air freight, sea freight, cargo handling, customs clearance, and express parcel delivery. The company manages a wide range of shipments such as

documents, personal parcels, commercial goods, medical consignments, excess baggage, and e-commerce logistics with utmost care and professionalism.

Unique Express is committed to delivering safe, timely, and transparent services supported by advanced tracking systems that allow customers to monitor their shipments in real time. Each parcel is handled through a structured logistics process, ensuring smooth movement from pickup to final delivery with minimal delays.

The company also offers dedicated assistance in customs documentation and international shipping requirements, simplifying cross-border logistics for customers. By combining experienced professionals with modern logistics practices, Unique Express ensures a hassle-free shipping experience at competitive pricing.

Through its customer-centric approach and continuous service improvements, Unique Express aims to further expand its global reach and remain a trusted partner for reliable courier and logistics solutions worldwide.
