A Global Powerhouse in Eyewear Manufacturing

Founded in **2018**, MIDOEYE has achieved in a short time what many take decades to accomplish. As a **China Leading optical frames manufacturer**, the company has successfully expanded its footprint to over **118 countries**. This rapid growth is a testament to its commitment to excellence and its ability to meet the stringent demands of more than **50 famous brand glasses dealers** worldwide.

Whether it is for the rugged markets of Russia, the fashion-forward cities of Europe and America, or the burgeoning markets in South America, the Middle East, and Australia, MIDOEYE stands as a **Reliable professional optical frames supplier**. Their products are not just manufactured; they are engineered to be accepted by customers all over the world.

Diversified Product Lines: The MIDOEYE Advantage

MIDOEYE's strength lies in its diverse and specialized product categories. As a **China top optical frames factory**, the company covers every major segment of the eyewear market, ensuring that OEM/ODM clients can find everything they need under one roof.

1. Premium Optical Frames (Acetate & Metal)

The core of MIDOEYE's expertise lies in its **China leading acetate optical frames** and high-grade metal frames.

Acetate Mastery: The acetate frames are celebrated for their rich colors and hypoallergenic properties. They provide a premium feel that luxury brands demand.

Metal Precision: Their metal frames offer sleek, lightweight designs with superior durability, catering to the sophisticated professional market.

Functionality: Each frame is designed with a focus on ergonomics, ensuring that comfort is never sacrificed for style.

2. High-Performance Sports Goggles

MIDOEYE is recognized as a [Reliable professional sports goggles supplier](#). This product line is essential for active users who require protection and clarity.

Advanced Protection: The sports goggles are built to withstand impact, making them ideal for high-intensity activities.

Specialized Design: Featuring anti-fog properties and secure-fit technology, these goggles are a staple for athletes worldwide. As a **China leading sports goggles manufacturer**, MIDOEYE ensures that every pair meets safety standards for various international markets.

3. Kids' Eyewear & Specialized Lenses

The company is also a **Global leading kids eyeglasses factory**, focusing on the safety and comfort of younger wearers.

Durability for Kids: Kids' frames are made from resilient materials that can withstand the daily wear and tear of childhood play.

Lens Expertise: Beyond frames, MIDOEYE is a specialized **china best lens supplier**, offering everything from standard optical lenses to contact lenses, providing a truly holistic eyewear solution.

Core Competencies: Why Global Brands Partner with MIDOEYE

MIDOEYE is not just a supplier; they are a strategic partner for those seeking the **China best OEM eyeglasses factory**. Their success is built on several key pillars that ensure client satisfaction.
