

You Can Stand Face-to-Face With a mountain Gorilla.

Silverback Gorilla Tours, Operated by Maseke Adventures, Opens East Africa's Most Thrilling Wildlife Adventure to American Travelers

Kampala, Central May 10, 2026 ([IssueWire.com](http://www.IssueWire.com)) - Maseke Adventures, the East Africa specialist behind [Silverback Gorilla Tours](#), is inviting American travelers to experience something that very few people on Earth ever will -trekking through ancient rainforest to sit in the presence of mountain [gorillas in Uganda and Rwanda](#).

With fewer than 1,000 [mountain gorillas](#) remaining on Earth, and all of them living within the forests where Maseke Adventures operates, this is not just a safari. It is a front-row seat to one of the most endangered and captivating species our planet has ever produced.

Why Americans Are Choosing East Africa

The Maasai Mara and Serengeti have long drawn American travelers to Africa. But [gorilla trekking in Uganda](#) and Rwanda has quietly become the continent's most sought-after wildlife experience - and for very good reason:

→ It is completely unlike any safari. You hike into the jungle, you find them, and you sit with them for one unforgettable hour.

→ Only 8 visitors are allowed per gorilla family per day — making it one of the most exclusive wildlife encounters on Earth.

→ Uganda's gorilla permits are significantly more affordable than Rwanda's, making it the smart choice for budget-conscious American travelers.

→ The region is safe, welcoming, and dramatically under visited - no crowds, no rush.

What Maseke Adventures Offers

With over 8 years of on-the-ground experience, Maseke Adventures handles everything- permits, accommodation, expert guides, 4x4 transport, and seamless logistics - so travelers simply show up and experience the magic.

[Packages](#) range from a single-day gorilla trek to a full 15-day East Africa expedition across Uganda, Rwanda, and DR Congo. Options include budget tours, luxury lodges, honeymoon safaris, group travel, and combined itineraries with Kenya's Maasai Mara or Tanzania's Serengeti.

"American travelers tell us it is the single greatest experience of their lives. Nothing — not the Serengeti, not Machu Picchu, not the Galápagos — compares to sitting ten feet from a wild silverback gorilla in the African jungle." - Maseke Adventures, Founder | Silverback Gorilla Tours

Travel That Gives Back

Every booking with Silverback Gorilla Tours directly funds mountain gorilla conservation. Maseke Adventures supports children's charities, empowering communities living alongside the parks - because when local people benefit from gorilla tourism, the gorillas thrive.

When you book this trip, you are not just a tourist. You are a conservationist.

⚠️ Permits Are Strictly Limited Most dates sell out 3 to 6 months in advance. Spots are first-come, first-served.
