Atlanta, Georgia Jun 25, 2026 (Issuewire.com) - Sina LaJuana Lewis Unveils Debut EP BE YOUR SELF – A Bold New Chapter in Experimental Sound

Sina LaJuana Lewis, the rising experimental artist based in Italy, is thrilled to announce the release of her highly anticipated debut EP, BE YOUR SELF, set to drop on June 25, 2026. This five-track journey is a testament to resilience, reinvention, and the unapologetic celebration of individuality.

A Labor of Love and Healing

BE YOUR SELF was born from a six-year journey of introspection and transformation. Following one of the most challenging periods of Sina's life, the EP emerges as a defiant yet vulnerable exploration of identity, empowerment, and self-discovery. Blending genres with fearless creativity, Sina crafts a soundscape that transcends boundaries—merging the pulsating energy of House, the soulful depth of R&B, and the timeless elegance of Classical into a cohesive, genre-defying experience.

Behind the Sound

Recorded across New York City and Italy, the EP was shaped in collaboration with visionary producers and musicians. A significant portion of the project was crafted at ZONA STUDIOS in Salerno, where Sina channeled raw emotion into sonic innovation. The result is a collection of tracks that feel both intimate and expansive, inviting listeners into a world where vulnerability meets bold experimentation.

Standout tracks include:

“F YOUR MISOGYNY” – A fiery anthem challenging societal norms and celebrating unapologetic self-expression.

“The Way You Make Me Feel” (Michael Jackson Cover) – A reimagining of the iconic classic, infused with Sina's signature experimental flair.
