**LOCAL NEXTEL META PRIVATE LIMITED**

**Hyderabad, Telangana Jun 21, 2026 ([IssueWire.com](http://IssueWire.com))** - Andhra Pradesh Chief Minister Nara Chandrababu Naidu has been conferred the prestigious “**Global Polymath**” title and recognized as a **361-Degree Statesman** on the international stage in Singapore. Presented by the government-recognized Kakatiya Cultural Association, this rare honour places Mr. Naidu alongside legendary global icons like Singapore's Lee Kuan Yew and New Zealand's Jacinda Ardern.

While a standard 360° view represents complete, all-around excellence, a “**361-Degree Statesman**” signifies a leader who goes a critical step beyond. It defines limitless, multi-disciplinary expertise and a rare class of future-ready foresight that breaks new ground globally. The recognition carries global significance, especially as it was awarded in Singapore, a society known for its emphasis on vision and forward-thinking governance above political, caste, and religious divisions.

Marking this momentous milestone, Chief Minister Chandrababu Naidu officially unveiled the book “**CBN @ 361 Degrees – The Polymath,**” capturing his immense administrative legacy. The book was

authored by Dr. Shakamuru Srinivasa Prasad (Chief Editor, *Repati Kosam*) and beautifully translated into English by retired IAS officer Dr. K. V. Satyanarayana. Telugu community leaders in Singapore, along with officials and political leaders from Andhra Pradesh, expressed their immense happiness and appreciation on the occasion.

Mikkilineni Srikanth, CEO of Nextel Meta Pvt Ltd and Managing Director of *Repati Kosam*, who is the publisher of this book, announced that the work will be published in multiple languages and distributed completely **free of cost** to readers worldwide. To expand its reach to millions of global digital readers, the book will also launch very soon on **Amazon Kindle**. This follows their previous three-time world record-winning book, "*Chandrababu X.O. – The Infinite Ideologue.*"

Initiated upon the noble suggestion of Dr. Ramanath Velamati (former Chairman, AP RERA), the project aims to preserve and pass on Mr. Naidu's visionary thinking to future generations. The award was proudly presented by organizers Rambabu Pathuri, Renuka Kumar Kanneganti, Karunakar Kancheti, Sarvesh Maddukuri, and Venkat Bhimineni, amid joyous celebrations from the Telugu diaspora
