

Buffalo Biodiesel Inc. Accelerates Scaling Efforts with Appointment of Peter Grisanti, MBA, as Chief Financial Officer

Buffalo Biodiesel Inc. is proud to announce the appointment of Peter Grisanti, CPA, MBA, as its new Chief Financial Officer.

Buffalo, New York Jun 15, 2026 ([IssueWire.com](https://www.issuewire.com)) - Buffalo Biodiesel Inc. is proud to announce the appointment of Peter Grisanti, CPA, MBA, as its new Chief Financial Officer. This strategic executive hire represents a major upgrade in the company's financial capabilities and reinforces its foundation for rapid, scalable growth in the renewable energy sector.

Grisanti brings an extensive track record of guiding organizations through periods of profound expansion and transformation. Most recently serving as the Chief Financial Officer for Pediatric and Adolescent Urgent Care of WNY, he successfully led all financial operations and provided critical financial leadership to ownership during a period of organizational growth. His comprehensive background includes managing global financial reporting at Athenex, Inc. during a phase of rapid global expansion, and overseeing all accounting functions as Controller and Senior Financial Analyst at The Cedar Bus Co.

A licensed CPA in New York State holding an MBA from Canisius College, Grisanti possesses deep expertise in establishing rigorous internal controls, executing complex financial forecasting, and partnering with operational leadership to support strategic initiatives.

As Buffalo Biodiesel Inc. drives forward with its master plans for advanced industrial hubs and focuses on preventing carbon emissions (CO₂e) through innovative waste-to-energy solutions, Grisanti's ability to optimize capital planning and enforce strong financial policies will be highly instrumental. This

appointment significantly boosts the company's capability to execute upcoming market integrations, manage multi-million dollar capital developments, and implement state-of-the-art corporate infrastructure.

Frank V. Balon, President and Chief Legal Officer of Buffalo Biodiesel Inc., emphasized the momentum this appointment brings to the organization: "Peter is another component to the rapid increase in scaling for the company and we expect further key positions to be filled in the near future."

With a fortified executive team and upgraded financial capabilities, Buffalo Biodiesel Inc. is exceptionally positioned to expand its service footprint, integrate advanced technologies, and continue leading the region in sustainable, community-focused industrial ecology.

ABOUT BUFFALO BIODIESEL INC.

Buffalo Biodiesel Inc. is a premier renewable energy and recycling technology firm based in Erie County, New York. Dedicated to the circular industrial ecosystem, the company focuses on the collection and processing of renewable feedstocks to manufacture advanced carbon materials and sustainable bio-products, directly preventing greenhouse gas emissions and advancing environmental sustainability.
