**Paonta Sahib, Himachal Pradesh Jun 4, 2026 ([IssueWire.com](http://www.IssueWire.com))** - DigiWorld India continues to expand its digital ecosystem through its flagship platforms MyDigi-Pro and DW24 News, offering businesses, professionals, educational institutions, and organizations a complete solution for digital presence and media visibility.

MyDigi-Pro provides digital identity solutions including mini websites, digital business profiles, digital visiting cards, business catalogues, website development, SEO, and digital marketing services. The platform is designed to help businesses establish a professional online presence and improve customer engagement.

Complementing these services, DW24 News serves as a modern digital news platform delivering local, national, business, education, technology, and international news. Through strategic content publishing and media coverage, DW24 News helps brands and organizations increase their reach and strengthen public awareness.

Together, MyDigi-Pro and DW24 News create a powerful combination of digital branding, content marketing, and media exposure, enabling businesses to connect with wider audiences and build long-term credibility in the digital landscape.

DigiWorld India remains committed to innovation, affordable digital solutions, and supporting India's growing digital economy through technology-driven services and responsible media initiatives.
