Dr. Jesus Mendiolaza, FESC, Establishes State-Of-The-Art Cardiovascular Care In Orlando, Florida, After Global Practice

US -Based Cardiologist Specializing in Advanced Cardiac Imaging, Structural Heart Disease, and International Clinical and Research Work in Europe, Asia, Canada, and the Middle East, now establishing his new practice in Orlando, Florida,

New York City, New York Nov 20, 2026 (Issuewire.com**)** - **Jesus Mendiolaza, MD, MPH, FACC, FASE, FSCCT, FHFSA, FESC**, a distinguished american cardiologist based in Orlando, Florida, has been awarded with the fellowship status at the European Society of Cardiology Scientific Conference held in Munich, Germany this past August, 2026 as such this is the highest level el of recognition within the European Cardiovascular field, in addition he too provided his cardiac structural expertise and imaging and in other modalities in **Amsterdam, Zurich, Vienna, Belgrade, Slovenia, Copenhagen, Geneva, and he is considered as of the "Top Cardiologists" within the European Society of Cardiology at the Global Conference in Germany.** In addition he participated in the **31st International Society of Hypertension Scientific Meeting and the 17th Emirates Cardiac Society Annual Conference (ISH-ECS 2026), taking place from 22–25 October 2026 in Dubai, UAE**, the global conference brought together nearly 2,500 cardiologists and cardiovascular specialists from across the middle east such as from Oman, Qatar, Kuwait, Bahrein, and Saudi Arabia, where he presented 17 research papers in Cardiac Imaging and Cardiovascular procedures,, he too has established a hub in Dubai, UAE as of August 2026 and in Riyadh, Saudi Arabia expanding his network from Toronto, Paris, Santiago, Hong Kong and in the US in Orlando and Naples in Florida.

Mendiolaza's recognition reflects more than three decades of dedication to **non-invasive and invasive cardiology, advanced cardiac imaging, structural heart disease, and global cardiovascular education.** His selection among the top cardiologists highlights his significant clinical contributions, international leadership, and commitment to advancing patient-centered cardiovascular care across multiple continents.

Dr. Mendiolaza has also been awarded fellowship status within the Society of Cardiovascular Computed Tomography and the Heart Failure Society, which are the highest levels of recognition in the world, in August 2026.

Dr. Mendiolaza has also been recognized among the "Top 10 Best Cardiologists in the United States" by Forbes, Press Media Up, and AP News. With over 33 years of experience in medicine, he is widely regarded for his expertise in complex cardiovascular imaging, including Cardiac CT, Cardiac MRI, Nuclear Cardiology, and advanced structural heart interventions.

Education and Advanced Medical Training

Dr. Mendiolaza's academic and clinical training reflects an extensive and highly distinguished educational pathway. He earned his Medical Degree from Federico Villarreal National University School of Medicine in Lima, Peru, graduating as Valedictorian of his class in 1994 and receiving multiple academic honors, including the prestigious Dean Award for Excellence in Medicine.

Following his Medical Degree, he relocated to the United States for advanced postgraduate training. He began as a **Postgraduate Research Fellow at the Cardiovascular Research Institute at the University of California, San Francisco (UCSF),** one of the nation's leading centers in cardiovascular innovation. He subsequently trained at the **Stanford University School of Medicine, within the Stanford Patient Education Research Center** in the Division of Cardiovascular Medicine.

He further advanced his research and clinical foundation at the **National Institutes of Health (NIH), National Heart, Lung, and Blood Institute in Bethesda, Maryland,** where he worked within the Division of Cardiology in collaboration with leading national cardiovascular researchers.

Dr. Mendiolaza also completed training in public health through a combined program associated with the National Hispanic Medical Association and **Harvard University School of Medicine, Division of Public Health, i**n Washington, D.C., strengthening his expertise in population health and health equity.

His formal clinical training continued with an Internal Medicine Internship at the University of Illinois at Chicago, Advocate Illinois Masonic Medical Center (2001–2002). He then completed his Internal Medicine Residency and Cardiovascular Disease Fellowship at **Rutgers New Jersey Medical Schoo**l between 2004 and 2007, where he refined his expertise in advanced cardiology and cardiac imaging.

Certifications and Global Expertise and New Practice Location

Dr. Mendiolaza holds numerous board certifications and advanced credentials, including board certification in Advanced Heart Failure and Heart Transplantation from the Heart Failure Society of America (2024), representing the highest level of specialization in this field. He is board-certified as Level III in Cardiac Computed Tomography, the highest level of expertise in advanced cardiac imaging. Moreover, he is board-certified in Echocardiography, Cardiac MRI, Vascular Medicine, and invasive and noninvasive cardiology

He holds 15 active U.S. state medical licenses and provides concierge cardiology internationally in Europe, South America, Asia, and the Middle East.

He is establishing his new practice within the highest value based medicine cardiovascular care along with the largest provider of such health care models in the country CHENMED and its affiliates such as Dedicated Senior Center, JenMed Centers and ChenMed Centers in his new office located in Fairview Shores, Orlando, where he will oversee the cardiovascular care in such office and broadening to two other practices plus leading the cardiac imaging division
His Orlando-based practice serves as the central hub of his United States value based cardiovascular care and his world wide global clinical network, enabling him to deliver personalized, high-level cardiovascular care not limited to the United States but all over the world in his various hubs..

Research, Global Practice, and Innovation

Dr. Mendiolaza is an active contributor to global cardiovascular research, having presented at international conferences in **Budapest, London, Hong Kong, Shanghai, Taipei, Seoul, Tokyo, Osaka, Cologne, Paris, Dubai, Zurich, Vienna, Belgrade, Slovenia, Copenhagen, Geneva,** and other major medical forums. His research focuses on advancements in cardiac imaging, including CT, MRI, and nuclear cardiology, as well as non-invasive and minimally invasive cardiovascular interventions.

He has also **performed clinical and interventional cardiology services internationally** in countries including **Argentina, Chile, Brazil, Spain, Hungary, China, Taiwan, South Korea, Japan, Uruguay, Doha (Qatar) and Rijadh (Saudi Arabia)** and others, contributing to global cardiovascular care advancement.

His expertise includes cutting-edge technologies such as Cardiac CTA, Cardiac MRI, 3D echocardiography, strain imaging, nuclear cardiology, PET scanning, intracardiac echocardiography

(ICE), and digital subtraction angiography (DSA). These modalities support advanced procedures such as TAVR, TEER (MitraClip and tricuspid repair), left atrial appendage occlusion (LAAO), and congenital defect closures such as PFO and ASD repair.

Academic Contributions and Mentorship

In addition to clinical practice, Dr. Mendiolaza is actively engaged in education and mentorship. He serves as Editor-in-Chief for the Canadian Drug Clearing House, Editor-in-Chief at Stat Pearl, and as a mentor for emerging cardiologists through programs supported by the American Society of Echocardiography, contributes as a peer reviewer for the Journal of Cardiac Computed Tomography, assists in developing board examination content for the American Board of Internal Medicine Cardiovascular Section, and serves as a research judge for the American College of Cardiology Florida chapter.

He is also fluent in five languages, with additional proficiency in Dutch and Japanese, enabling effective collaboration in international medical environments.

Recognition and Personal Dedication

Dr. Mendiolaza attributes his success to his faith in God and the unwavering support of his family, who have stood by him throughout his demanding academic, clinical, and international commitments.

As he continues to advance the field of cardiovascular medicine, Dr. Jesus Mendiolaza remains a global leader dedicated to innovation, education, and improving patient outcomes across continents.
