

Epiq Wins 2026 Legalweek Leaders in Tech Law Award for Best Use of AI in eDiscovery and Litigation

New York City, New York Jun 3, 2026 ([IssueWire.com](https://www.IssueWire.com)) - In recognition of the performance of Epiq AI™, Epiq has won the 2026 Legalweek Leaders in Tech Law Award for Best Use of Artificial Intelligence in eDiscovery and Litigation. Announced last night at the Legalweek conference in New York City, the award recognizes the AI solution that demonstrates the greatest impact in eDiscovery and litigation, substantiated by client use.

The award follows the [company's announcement](#) last week of Epiq AI, a set of agentic solutions that enhance decision-making, reduce risk, and increase productivity across legal and compliance use cases. Powered by the Epiq AI Laer™ platform, which orchestrates models, agents, and humans to execute complex and dynamic workflows, Epiq AI stands apart through its ability to draw on a persistent AI knowledge layer that continuously learns, reasons, and grows.

“This award is a testament to the differentiating capabilities and performance of Epiq AI, particularly its combination of speed, capacity, scope, and depth of analysis unattainable with other solutions,” said [Roger Pilc](#), President and General Manager, Legal Solutions at Epiq. “It reflects the results more than 130 clients have achieved using Epiq AI in litigation, investigations, and other matters.”

About Epiq

Epiq, a technology and services leader, takes on large-scale and complex tasks for corporations, law firms, and the courts by integrating people, process, technology, and data intelligence. Clients rely on Epiq to streamline legal, compliance, and settlement administration workflows to drive efficiency, minimize risk, and improve cost savings. With a presence in 17 countries, our values define who we are and how we partner with clients and communities. Learn how Epiq and its 4000 people worldwide create meaningful change at www.epiqglobal.com.
