

Eric J. Siskind, MD: A Leading Transplant Surgeon Committed to Advancing Patient Care

Innovative Care and Commitment to Patient Outcomes at the Forefront of New Role

Dallas, Texas Jun 4, 2026 ([IssueWire.com](https://www.issuewire.com)) - Dr. Eric Siskind is a highly respected transplant surgeon currently affiliated with Texas Health in Fort Worth. With a career dedicated to improving patient outcomes through innovative surgical techniques, he brings a wealth of knowledge and experience to Texas Health, focusing on kidney, pancreas, and liver transplantation.

Dr. Siskind is board-certified in general surgery and holds specialized credentials in transplantation from the American Society of Transplant Surgeons. His extensive clinical practice includes a variety of complex procedures such as dialysis access surgery, minimally invasive nephrectomy, and hepatobiliary surgery. Dr. Siskind's impressive surgical portfolio features over 300 successful operations, underscoring his expertise and commitment to patient care.

An alumnus of the Albert Einstein College of Medicine at Yeshiva University, Dr. Siskind completed his general surgery residency at the Zucker School of Medicine at Hofstra University – Northwell Health System. He further refined his skills during a distinguished fellowship in transplant surgery at the University of Maryland Medical Center. His dedication to advancing the field of transplantation is evident through his significant contributions to medical literature, with over 25 publications, including manuscripts and book chapters. In recognition of his research efforts, he received the esteemed Young Investigator Award from the American Society of Transplant Surgeons in 2014.

In addition to his clinical practice, Dr. Siskind plays an active role in the transplant community by serving on the Ethics and Peer Support Committees for the American Society of Transplant Surgeons. His involvement reflects his commitment to ethical practices and support for both patients and healthcare professionals in the transplant field.

Dr. Siskind is particularly excited about the opportunity to enhance patient outcomes at Texas Health. "I am eager to collaborate with such a dedicated team and to utilize my skills to make a positive impact on the lives of patients facing transplant needs," he stated

Outside of his professional commitments, Dr. Siskind enjoys spending quality time with his children, engaging in golf, fishing, and cycling. He is also fluent in Spanish, which enables him to connect with a diverse patient population effectively.
