Ghaziabad, Uttar Pradesh Jun 28, 2026 ([Issuewire.com](https://www.issuewire.com)) - FilingForYou, a Ghaziabad-based legal and compliance technology platform, today announced the expansion of its service offerings to help Indian entrepreneurs navigate the complex regulatory landscape with confidence. With more than 10,000 clients served, the platform provides expert Chartered Accountant (CA) assistance for everything from company incorporation and [GST registration](#) to trademark protection and income tax filing.

Starting a business in India requires navigating a web of filings, registrations, and compliance deadlines. [FilingForYou](#) was built to eliminate that friction. The platform combines experienced company secretaries and CAs with automated workflow pipelines, delivering fast, accurate filings without requiring founders or business owners to step into a government office.

“We believe that every entrepreneur deserves access to reliable legal and tax support — not just those who can afford a full-time CA. FilingForYou exists to make professional compliance accessible, affordable, and stress-free for growing businesses across India.”

Services That Cover Every Stage of Business Growth

FilingForYou's service catalogue spans more than 50 offerings across six categories:

Business Registration: Private Limited Company, LLP, OPC, Partnership Firm, and sole proprietorship setups.

Tax Compliance: GST registration and return filing, Income Tax (ITR) filing, and TDS return management.

Intellectual Property: Trademark registration, copyright registration, and patent filing.

Quality Certifications: ISO certification support for businesses seeking international quality recognition.

Post-Registration Compliance: Ongoing annual filings, ROC compliance, and regulatory updates handled end-to-end.

Expert Consultations: Free one-on-one consultation calls for new and existing clients.

Accessibility at the Core

With service pricing beginning at Rs. 499, FilingForYou is designed for early-stage startups, freelancers, and small business owners who need professional compliance support without enterprise-level pricing. The platform's fully digital process means clients across India can complete registrations and filings without visiting an office or courier physical documents.

To date, FilingForYou has helped over 10,000 clients successfully complete their compliance requirements, with a 98% expert satisfaction rate across filings handled.
